CRUCIBLE STEEL CO. OF AMERICA

A corporation formed under the laws of New Jersey, July 21, 1900. The company purchased the plants and goodwill of a number of concerns engaged in the manufacture of crucible and high-grade steel and products thereof, a list of the plants being given in the MANUAL for 1904.

The Park Steel Co., one of the chief constituent companies, was formed in 1899. Full details of its organization and finances will be found under its own title in the MANUAL for 1903.

In 1901, this company organized the St. Clair Furnace Co. and St. Clair Steel Co., which built large plants at Clairton on the Monongahela River. In 1902, this company formed the Clairton Steel Co., which took over the St. Clair companies.

In May, 1904, the United States Steel Corporation acquired the Clairton Steel Co., assuming its bonds.

The preferred stock is 7 per cent., cumulative. Transfer Agents, Union Trust Co., Pittsburg; Trust Co. of America, New York. Registrars, Fidelity Title & Trust Co., Pittsburg; Farmers' Loan & Trust Co., New York.

The first regular quarterly dividend of 1¾ per cent. on the preferred stock of the Crucible Steel Co. of America was paid December 29, 1900, and regular dividends of that amount were paid quarterly in March (31), June, September and December, until the directors in December, 1903, decided to suspend the payment of dividends on the preferred stock. The December, 1903, quarterly dividend was accordingly passed, and no further dividends were paid until November, 1905, when 1 per cent. was distributed and continued to be the regular quarterly rate to February, 1906, when the quarterly rate was increased to 1¾ per cent., which was maintained until November, 1907, when 1 per cent. was paid, subsequent payments being passed. In 1909, however, the company paid 1 per cent. in March; 1¾ per cent. in June; 1¾ per cent. in September; and 1¾ per cent. in December. At the beginning of 1910 there were 26¾ per cent. of past due accumulated dividends on the preferred stock. It was stated, however, that the policy adopted was to pay off all mortgage and banking indebtedness, and on December 31, 1909, the company was free from all such obligations.

In January, 1907, the entire issue of collateral 6 per cent. bonds authorized in 1903 for $5,000,000 was cancelled.

DETROIT, MACKINAC & MARQUETTE RAILROAD LAND GRANT

Land grant 7 per cent. income bonds to the amount of $4,560,000 were created and issued by the Detroit, Mackinac & Marquette Railroad Co., which about 1881 built a line from St. Ignace, Mich., to Marquette, Mich. The company received from the State of Michigan a land grant of some 1,307,129 acres in the upper peninsula, situated in the counties of Chippewa, Mackinac, Marquette and Schoolcraft. These lands, under certain conditions, were pledged as security for the land grant bonds. The Detroit, Mackinac & Marquette Railroad was sold at foreclosure October 20, 1886, and was acquired and reorganized by the syndicate which constructed the Duluth, South Shore & Atlantic Railway. It now forms part of that system. Under the reorganization the holders of the land grant bonds retained their lien upon the lands.

Land grant income bonds, registered, due October, 1911, April and Oct..... $1,390,000

Under the instrument securing the bonds only 25 per cent. of the proceeds of lands sold were applicable to the payment of interest, the balance being applied to the expenses of the trust and redemption of bonds. Under this provision and the provision for locating land, with bonds, $2,846,000 of the bonds have been retired by purchase, and $324,000 retired in payment for lands, leaving the above amount outstanding.

Interest payments upon the bonds have been as follows: In 1892, 2 per cent.; in 1893, 2 per cent.; in 1894, 2 per cent.; in 1895, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898, 2 per cent.; in 1899, 2 per cent.; in 1900, 2 per cent.; in 1901, 2 per cent. The payments were semi-annual of 1 per cent. each in April and October at the Central Trust Co., New York. The October, 1902, payment was increased to 1½ per cent. In 1903, the payments were 3½ per cent. each, in April and October, or 7 per cent. for the year. In 1904 and 1905, 7 per cent. was also paid. In April, 1906, paid 3½ per cent., but the October, 1906, rate was 1 per cent. No interest payments were made in 1907. On April 6, 1908, 1 per cent. was paid, but no dividend was then paid until 1 per cent. was distributed in October, 1909.

In August, 1902, a sale was made of 1,000,000 acres for $1,250,000, payable in four instalments, the first payment having been made in June, 1902. During 1903 and 1904, the Trustees purchased and retired over $1,100,000 bonds with the proceeds of the above and other sales. The unsold lands, January 1, 1910, were 180,716 acres.

DISTILLERS SECURITIES CORPORATION

A corporation formed under the laws of New Jersey, September 18, 1902. The company was organized to acquire the stocks and property of the Distilling Co. of America and to readjust and simplify the capital of that company. See full statement of the Distilling Co. of America and its constituent concerns in the MANUAL for 1902.

The Distillers Securities Corporation acquired 94 per cent. of the preferred stock and 97 per cent. of the common stock of the Distilling Co. of America. The companies controlled by the Distilling Co. of America are engaged in the manufacture, distribution and sale of spirits, alcohol, Kentucky or Bourbon whiskey, rye whiskey, and their compounding and blending. The spirits and alcohol business is conducted by the American Spirits Manufacturing Co. and the Standard Distilling & Distributing Co. The Bourbon whiskey business is conducted by the Kentucky Distilleries & Warehouse Co., and the rye whiskey business by the Hannis Distilling Co. In October, 1906, a new subsidiary company was organized under the title of United States Industrial Alcohol Co. to manufacture denaturized alcohol in the interest of this company. The Distillers Securities Corporation controls the organization in question and guarantees the dividends of 7 per cent. per annum on its $6,000,000 of preferred stock, which has no voting power.

DOMINION COAL CO., LIMITED

A corporation formed under charter of the Province of Nova Scotia, February 1, 1893, to lease and operate bituminous coal deposits on Cape Breton Island. The company has a grant of same for a term of 99 years under a royalty of 12½ cents a ton. It owns and operates the Sydney & Louisburg Railway, 40 miles.

It owns extensive shipping facilities and docks at Louisburg, Sydney, Montreal, Quebec Three Rivers, Halifax, and St. John, N. B., together with 5 steamships, 2 tugs and 5 barges.

In June, 1902, this company was leased to the Dominion Iron & Steel Co., Limited, for 99 years at a rental of $1,600,000 per annum, payable quarterly, and a royalty of 7½c. per ton on all coal mined in excess of 3,500,000 tons per annum. In 1903 this lease was annulled, the coal company paying to the steel company $2,380,000, net, for the immediate possession of its property, with all improvements made during the period of the lease, amounting to $1,600,000, also its liquid assets, etc., and for certain important modifications in the contract for supply of coal to the steel company. This contract called for from 600,000 to 1,000,000 tons of coal yearly for 92 years at $1.28 per ton, the price being subject to readjustment in 1909 and at the end of every 5 years thereafter. Disputes occurred over the contract, resulting in litigation, which in January, 1908, was decided in favor of the Iron & Steel Co. by the lower courts, which was affirmed on appeal.

In December, 1909, the Dominion Iron & Steel Co. acquired a large interest in the stock of this company, and it was reported that the two organizations may be subsequently merged.

The coal output of this company has been as follows in the years ending February 28: 1900, 1,739,374 tons; 1901, 2,044,877 tons; 1902, 2,651,263 tons, and for the calendar year 1902, 3,174,277 tons; 1903, 3,147,766 tons; 1904, 3,023,522 tons; 1905, 3,189,657 tons; 1906, 3,552,746 tons; 1907, 3,541,253 tons; 1908, 3,505,068 tons; in 1909, 2,735,000 tons.

The preferred stock has a cumulative preference of 7 per cent., and at any time within five years from May 1, 1905, could be exchanged at the holder's option for common stock at par, but the company can redeem the preferred stock after May 1, 1910, at 125 and accrued dividends. The company had $3,000,000 of 8 per cent. preferred stock which was called and paid off May 1, 1905, at 115, a syndicate having at that time subscribed for the $3,000,000 of new preferred at 115.

Transfer Agents, American Trust Co., Boston; Royal Trust Co., Montreal; National Trust Co., Toronto. Registrar, The New England Trust Co., Boston.

The dividends on the old 8 per cent. preferred stock were regularly paid, 4 per cent. semi-annually, in January and July. The first dividend on the new 7 per cent. preferred was 3½ per cent. semi-annual, August 1, 1905, and similar dividends have since been paid in February and August.

Dividends on the common stock, under the lease, were 8 per cent. per annum, 2 per cent. quarterly, the dividend periods being January (1), April, July and October. In 1903, the dividends paid in January, April and July were 2 per cent. each, paid out of the rental. In January, 1904, 3 per cent. for the half year was paid on the common out of earnings. After that no dividends were paid on the common until April 2, 1907, when payments were resumed at the rate of 1 per cent. quarterly or 4 per cent per annum, which has since been the regular rate.

FUNDED DEBT

1st mort., 5 per cent., due May, 1940, May and Nov..... $6,175,000

The first mortgage 5 per cent. bonds were created in 1905. The authorized issue is $7,000,000. A block of $5,000,000 was sold to a syndicate and with the proceeds the company retired its old issue of $2,435,000 of 6 per cent. mortgage bonds and discharged its floating debt. Additional 5 per cent. bonds can only be sold for improvements up to 75 per cent. of the cost of same. After May 1, 1910, they can be retired on thirty days' notice at 105 and interest. A sinking fund commences in 1911, bonds to be drawn at 105. The company also has $213,672 debentures against Cape Breton real estate, and $151,129 of Dominion rolling stock debentures.

DOMINION IRON & STEEL CO., LIMITED

A corporation formed under the laws of Nova Scotia, June 22, 1899. The company has established large iron and steel plants at Sydney, Cape Breton, with a capacity of from 1,000 to 1,200 tons of steel per day. The company has 700 acres of land at Sydney and other real estate. In addition to the steel mills the plant comprises four blast furnaces with a capacity of 1,000 tons daily and 500 coke ovens producing 1,600 tons of coke per day. The company also owns extensive iron ore properties at Belle Island, Newfoundland. Construction was begun in the summer of 1899, and the furnaces and other departments began operating in the early part of 1901. The rail mill, with a capacity of 800 tons of steel rails per day, was completed in June, 1905.

This company made a contract with the Dominion Coal Co. by which the latter agreed to supply it with coal at $1.24 per ton for its requirements. In June, 1902, this company leased the Dominion Coal Co. for 99 years. This lease was annulled in 1903, the coal company paying this company $2,635,000 for its advances, and a new contract was made for the supply of coal for 92 years. Disputes and litigation arose and the suit was finally decided in favor of this company on appeal in January, 1909. In 1908-09, this company received $2,750,000 from the Coal Co. on account of the claim.

In December, 1909, this company acquired large holdings of stock of the Dominion Coal Co. and it was reported that the two companies might be merged.

GENERAL CHEMICAL CO.

A corporation formed under the laws of New York, February 15, 1899, to carry on the business of the manufacture of heavy chemicals. It owns twenty-four plants situated in the East and West. The company began business March 1, 1899.

Stock....Par $100.....Authorized { com., $12,500,000 / pref., 12,500,000 } Issued { com., $8,151,300 / pref., 12,500,000 } $20,651,300

The preferred stock is 6 per cent., cumulative. In March, 1910, paid a dividend in common stock amounting to $741,000, and increasing the common outstanding by that sum.

Stock is transferred at the office of the company, New York. Registrar, Title Guarantee & Trust Co., New York.

The company began the payment of dividends on its preferred stock July 1, 1899, and has since regularly paid 1¾ per cent. quarterly, in January, April, July and October.

In February, 1900, the company began the payment of dividends at the rate of 4 per cent. on the common stock, payable 1 per cent., quarterly, March (1), June, September and December, the dividends for 1901 and 1902 being on that basis. On February 18, 1903, a dividend of 5 per cent. on the common stock out of the earnings of 1902 was declared, payable quarterly during 1903. It was, however, decided to pay no dividends on the common stock in 1904 and 1905, the intention being to devote surplus earnings to the extension of the company's business. In 1906, 1907 and 1908, paid 4 per cent., the payments being semi-annual in 1906, and quarterly in 1907 and 1908. The March, 1909, dividend was 1 per cent. which was the quarterly rate during 1909. The March 1, 1910, dividend was, however, 1¾ per cent., and on March 15, 1910, the common received a 10 per cent. stock dividend in common stock to represent the dividends omitted in 1904 and 1905.

GENERAL ELECTRIC CO.

A corporation formed under the laws of New York, April 15, 1892, to combine the interests of the Edison General Electric and Thomson-Houston Electric Companies. The company owns all the stock of those corporations. It has works at Schenectady, N. Y.; Lynn, Mass.; Harrison, N. J.; Pittsfield, Mass. and other places, for manufacturing electric machinery and supplies. In 1901, the company bought a controlling interest in the British Thomson-Houston Co., Limited. In 1902, the Sprague Electric Co. was acquired. In 1903, it obtained control of the Stanley Electric Manufacturing Co. Owns the United States rights under the Curtis steam turbine patents. This company owns the entire stock of the Electrical Securities Corporation, organized in 1904 as a financing corporation. See statement of the latter company. The Electric Bond & Share Co. is also controlled.

Stock.....Par $100.....Authorized, $80,000,000.....Issued, $65,178,800

The company had $2,551,000 preferred stock, which was 7 per cent., cumulative, but had no preference as to assets, all of which has been retired. In July, 1900, it was decided to increase the common stock, then $18,276,000, by the issue of $4,415,000 to retire the $5,298,000 outstanding 5 per cent. debentures. In 1901, the common stock was increased to $45,000,000 and the preferred stock was exchanged for common, share for share. In 1904, the stockholders received the privilege of subscribing at par for 10 per cent. of their holdings in new stock, the amount issued being $4,381,200. In December, 1905, the authorized stock was increased from $48,325,500 to $60,000,000, and $6,034,000 of the new stock was subscribed for at par by the stockholders to the extent of 12½ per cent. of their holdings. In November, 1906, a further increase of the authorized stock to $80,000,000 was voted and $10,861,200 was offered at par to stockholders in the proportion of 1 share of new for each 5 shares of old stock, the payments for which were made half on January 16, 1907, and half on April 16, 1907.

Transfer Agents, Farmers' Loan & Trust Co., New York; American Trust Co., Boston. Registrars, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

For dividends on the old stock see MANUAL for 1909.

On August 17, 1899, the payment of regular half-yearly dividends of 3½ per cent. on the preferred stock were resumed, and were paid regularly while the preferred was outstanding in January (31) and July. Dividends on the common stock were resumed by the payment of 1½ per cent. July 15, 1899, and were continued quarterly at the same rate until October 15, 1900, when 2 per cent. was paid, putting the stock on an 8 per cent. basis, which has been the regular rate since then. Dividends on the stock are paid quarterly, January (15), April, July and October.

The stock was originally $4,252,000 7 per cent., cumulative, preferred stock and $30,468,000 common. The dividends on preferred were unpaid from July 1, 1893, to August, 1898, amounting to $1,527,885. In 1898 it was decided to charge off the debit to the company's profit and loss and impairment of capital by a reduction of the stock, making it three-fifths of the old amount. Resolution to this effect was adopted by the stockholders on August 17, 1898. Old stock was exchanged on this basis for the new. There was objection and litigation on part of the old preferred stockholders, but this was settled, and during the autumn and winter of 1898 payment of the accumulated back dividends was liquidated. On July 15, 1902, a stock dividend of 66⅔ per cent. was paid, a compensation for the surrender of stock in 1898, the amount of new stock thus distributed being $16,812,600.

GEORGIA RAILWAY & ELECTRIC CO.

A corporation formed under the laws of Georgia, January 28, 1902. It is a consolidation of the following companies:

Atlanta Railway & Power Co.
Atlanta Rapid Transit Co.
Georgia Electric Light Co.
Atlanta Steam Co.

The company controls the street railway, electric light, power and steam-heating facilities of the City of Atlanta and Fulton County, Ga., and has a contract with the City for street lighting for five years, beginning in April, 1908. Its railway system comprises 176 miles of track. By the terms of the ordinance granted by the City of Atlanta the company paid $50,000 in cash to the municipality, and agreed to pay a tax of 1 per cent. on its gross receipts for the first three years, 2 per cent. for the next twenty years and 3 per cent. thereafter. The company obtains some electric power from the plant of the Atlanta Water & Electric Power Co., which was completed in 1904.

In July, 1903, this company acquired control of the Atlanta Gas Light Co. It also owns the stock of the Atlanta Northern Railway Co., an electric line from Atlanta to Marietta, Ga., of which fifteen miles is owned and three miles is trackage on the city track of this company.

GREAT NORTHERN IRON ORE PROPERTIES.

A trust created under an agreement dated December 7, 1906, between the Great Northern Railway Co. and the Lake Superior Co., Limited (a subsidiary and controlled organization of the Great Northern Railway Co.), whereby control of certain iron ore lands and other properties, title to which had been vested in the Lake Superior Co., Limited.

The subsidiary companies, where stocks are held in the trust, control by ownership or lease iron ore lands in Minnesota aggregating 60,091 acres of which prior to December 7, 1906, 1,596 acres had been leased to various lessees.

In August, 1906, a lease was made of a portion of the lands to the Great Western Mining Co., a subsidiary company of the United States Steel Corporation. This lease covered 39,295 acres.

The lands and leases were, by the agreement of December 7, 1906, transferred to trustees to be held for the benefit of the stockholders of the Great Northern Railway Co., of record December 6, 1906, or their assigns. In October, 1906, it was announced that the owners of the $150,000,000 share capital of the Great Northern Railway Co., of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate of one share of said certificates (the same having no par value), for each $100 share of Great Northern Railway stock they held. See separate statement of the Great Northern Railway Co., in the Railroad Section of the MANUAL. See below for the terms of lease of the ore lands.

Certificates of ben. interest...Par (none)...Authorized, 1,500,000 shares...Issued 1,500,000 shares.

Certificates are transferred at the office of the Trustees, New York.

The first distribution was $1 per share paid September 16, 1907. Further distributions of $1 per share each were paid March 16, 1908 and September 15, 1909. On March 15, 1910, 50 cents per share was paid.

The lease of ore lands to the Great Western Mining Co. is guaranteed by the United States Steel Corporation. It provides that the lessee shall mine and ship from the properties a minimum of 750,000 tons of ore in the year 1907, and that the amount shall increase by 750,000 tons each year until it reaches 8,250,000 tons, the annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. Under the lease, the royalty to be paid for the ore is $1.65 per gross ton for ore containing 59 per cent. of metallic iron, the royalty to be increased or decreased on a fixed scale, as the ore may be higher or lower in grade than the above percentage of iron. The royalty of $1.65 per ton applies to ore mined and shipped in 1907, and the base price increases at the rate of 3 4-10 cents per ton each succeeding year. The lease of the ore properties to the Great Western Mining Co. is guaranteed by the United States Steel Corporation.

GREAT WESTERN POWER CO. OF CALIFORNIA

(Controlled by Western Power Co.)

A corporation formed under the laws of California, in September, 1906. The company owns lands and water rights at various points on the north fork of Feather River in Butte and Plumas Counties, Northern California. From these properties it is estimated that a salable output of over 400,000 horse-power can be produced. The company has constructed a hydro-electric plant at Big Bend, Plumas County, Cal., about 160 miles northeast of San Francisco. The first completed unit has a capacity of 60,000 electric horse-power, which, however, will be largely increased by the work in progress. A double circuit transmission line of 165 miles carries the power at a potential of 100,000 volts to Sacramento, Oakland and intermediate points. The company has three transforming stations at Brighton, near Sacramento, Cowell, Cal., and Oakland.

The entire common stock of the California Electric Generating Co., is owned by the Great Western Power Co. The former has built an auxiliary steam plant at Oakland, with a capacity of 15,000 horse-power. The plant of the California Electric Generating Co., is leased to the Great Western Power Co.

The company has contracts with various large users of electric power, including the Pacific Gas & Electric Co., the Southern Pacific Railroad Co., the Cowell Portland Cement Co., and the Natomas Consolidated Co., a large gold dredging concern.

THE HOMESTAKE MINING CO.

A corporation formed under the laws of California, November 5, 1877. The property of the company consists of 154 mining claims, aggregating about 927 acres, located in the White Wood mining district in the Black Hills, near Lead, Lawrence Co., South Dakota. The company has a large mining plant for the operation of the gold-bearing veins upon its property, comprising a stamp mill, cyanide works, electric light plant, sawmill, etc. In 1899 the company acquired the Highland Mining Co., the property of which, adjoining the Homestake mine, comprises seventeen mining claims of about 73 acres, with a mill of 140 stamps, hoisting works and other necessary machinery. In the same year this company acquired the Black Hills Canal & Water Co., the property of which consists of forty miles of ditches, flumes, pipe lines, with necessary reservoirs and improvements and water rights covering the water supply of the Deadwood and Lead districts.

This company also owned the Black Hills & Fort Pierre Railroad Co., but sold the same.

HOUSTON OIL CO. OF TEXAS

A corporation formed under the laws of Texas in July, 1901. The purposes of the company are to acquire, deal in and develop oil and lumber lands in Texas. The company acquired about 1,000,000 acres of oil and timber lands in the Beaumont region of Eastern Texas. The company also had about 100 oil wells in the Corsicana, Tex., field and has a large interest in the Higgins Oil & Fuel Co. It contracted to sell to the Kirby Lumber Company about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards, to be paid for semi-annually. This contract was assigned to the Maryland Trust Company, Baltimore, as trustee, which company issued $7,025,000 of 6 per cent. certificates of beneficial interest in said contract, redeemable in February and August instalments of each year. These certificates were guaranteed by this company and secured by a mortgage on its property. The February, 1904, instalment of the timber certificates and interest were defaulted, and in the same month both this company and the Kirby Lumber Company were placed in the hands of Receivers. Protracted litigation ensued.

In July, 1908, a compromise was effected and a decree entered with the assent of all parties. Under the settlement the amount of timber to be cut by the Kirby Lumber Co. was reduced from 8,000,000,000 feet to 6,400,000,000 feet; the minimum semi-annual payments to be ⅝ of the amount required by the original contract. The Houston Oil Co. was authorized to create a second series of 6 per cent. timber certificates for $3,500,000, in order to discharge its floating debt, the same to be issued in series of $500,000 each, redeemable every 6 months after the last of the first issue of certificates has been retired in 1913.

On April 16, 1909, the Receiver was discharged and the company returned to its own management.

HUDSON & MANHATTAN RAILROAD CO.

HUDSON RIVER TUNNEL SYSTEM.

A corporation formed under the laws of New York and New Jersey, December 5, 1906, as a consolidation of the Hoboken and Manhattan Railroad Co., of New Jersey, New York and Jersey Railroad Co., of New York, and Hudson & Manhattan Railroad Co., of New York. By virtue of such consolidation the company owns and operates a double-tube tunnel system extending from the Hudson Terminal at Cortlandt and Church streets, New York, under the Hudson River to the Pennsylvania Terminal, Jersey City, from thence making connections with the Erie station, at Pavonia avenue, and continuing to the Hoboken Terminal, adjoining the Delaware, Lackawanna & Western Railroad station. About midway between the Erie and Lackawanna Terminals, connection is made with a second double-tube tunnel under the Hudson River to Christopher street, from whence the line proceeds via Sixth avenue to Twenty-third street, New York. Operation was begun from Nineteenth street and Sixth avenue, New York, to Delaware, Lackawanna & Western Railroad Terminal, Hoboken, on February 26, 1908. On July 19, 1909, train service was commenced between the Hudson Terminal and the Pennsylvania station at Jersey City, and on August 2, 1909, the service was extended to the Erie Terminal at Pavonia avenue and to the Delaware, Lackawanna & Western station at Hoboken. The total line in operation, as of January, 1910, is nearly six miles.

The line under Sixth avenue is being extended to Thirty-third street, and a branch will also be constructed from Sixth avenue under Ninth street to a connection with the subway at Fourth avenue.

An extension is also under construction from the Pennsylvania Railroad station, Jersey City, westwardly to a connection at Summit avenue with the present main line of that system, and, upon its completion, through train service will be established between the Hudson Terminal Buildings, New York, and Newark, N. J., trains running through the tunnels and over the Pennsylvania's present main line into Newark, under a traffic agreement with the two companies. The Pennsylvania, Lehigh Valley, Erie and New York, Susquehanna & Western Railroads have ticket offices in the Hudson Terminal Buildings, and baggage will be checked from that point. A traffic agreement has also been entered into with the Erie Railroad Co.

A franchise has been acquired for the extension of the line from Thirty-third street and Sixth avenue to the Grand Central Station, New York.

The Hudson Terminal Buildings, the largest office buildings in the world, were opened May 1, 1908. The tunnel trains land passengers at the station in the basement of these buildings.

All-steel cars are used and trains are operated by electricity. Passenger cars 140, work cars 3.

The company controls, through stock ownership, the Hudson River Water Power Co., Hudson River Electric Co. and Hudson River Power Transmission Co., together with various sub-companies constituting a group of properties supplying Central and Eastern New York State with electrical power.

The company owns a masonry dam at Spier Falls, 90 feet high and 1,600 feet in length. The power house adjoins the dam, from which transmission lines convey the current to Albany, Troy, Saratoga, Schenectady, Watervliet, Ballston, Fort Edward, Glens Falls, Sandy Hill, Amsterdam, and other points. At Utica the company owns and operates an auxiliary steam turbine station of 10,000 horse power capacity, which will be connected with the Spier Falls water-power generating plant. Contracts for power are in operation with the Utica & Mohawk Street Valley Railway, the General Electric Co., at Schenectady, the United Traction Co., supplying street railway facilities to Troy and Albany, the lighting companies of the same cities and with various users of power.

Interest on the 1st mortgage bonds due August 1, 1908, having been defaulted, the company was placed in the hands of Receivers in November, 1908. In February, 1909, it was stated that steps to reorganize the company would be taken.

ILLINOIS BRICK CO.

A corporation formed under the laws of Illinois, March, 1900, to engage in the manufacture and sale of brick. The company acquired 32 brick-making plants in Cook County, Ill., and vicinity, and has facilities for making upwards of 750,000,000 bricks annually. In 1908, it began the construction of a new plant at Shermerville, Ill. In 1909, it acquired the Labahu Brick Co.

Stock.....Par $100.....Authorized, $5,000,000.....Issued $4,000,000

Stock is transferred at the office of the company, Chicago. Registrar, American Trust & Savings Bank, Chicago.

The company's authorized stock consisted of $5,000,000 common, and $4,000,000 6 per cent. cumulative preferred, of which $4,350,500 common and $3,550,500 preferred were issued.

In 1905, it was proposed to reduce the company's stock to $4,000,000, all of one class. The plan included the cancellation of the treasury stock, the purchase at $60 per share of $125,300 preferred stock and its cancellation, and an exchange of the old stocks remaining for the new, the preferred dollar for dollar and the common on the basis of six shares of old for one of the new stock. This plan was ratified in May, 1905, and carried out. In February, 1910, the authorized stock was increased to $5,000,000, and in March, 1910, $600,000 new stock was offered to the stockholders at par.

For the nine months of 1900, after the formation of the company, a dividend of 4½ per cent. was paid on the old preferred stock in April, 1901. In November and December, 1901, paid 3 per cent. each, or 6 per cent. for that year. In November and December, 1902, paid 3 per cent. each, or 6 per cent. for that year. No dividends were paid in 1903. In July, 1904, October, 1904, and December, 1904, dividends of 2 per cent. were paid, making 6 per cent. for the year. In April, 1905, 2 per cent. was again paid on the old preferred stock.

The first dividend on the $4,000,000 of new stock was 1½ per cent., paid July 15, 1905, and similar dividends were paid October 15, 1905, January 15, 1906, and April 19, 1906. The July, 1906, dividend was, however, not paid. In October, 1906, 1 per cent. was paid, which was also the rate of subsequent quarterly dividends to January 15, 1908, inclusive. In October, 1908, 1 per cent. was also paid. In January, 1910, paid 2½ per cent.

The company's net earnings in 1907 were $105,394. In 1908, net $34,551. On December 31, 1909, the total surplus was $225,207.

INTERBOROUGH-METROPOLITAN CO.

A corporation formed under the laws of New York, January 24, 1906. The company was formed in pursuance of the plan for a combination of the subway, elevated and surface traction interests in New York City represented by the Interborough Rapid Transit Co., including its leased property, the Manhattan Railway Co. and the Metropolitan Securities Co., the Metropolitan Street Railway Co. and the New York City Railway Co. See separate statements of those companies. For terms of merger and the exchange of the above companies' stocks for the securities of this company, see below. The plan became effective in March, 1906.

The system controlled by this company comprised on December 31, 1909, the following:

	Miles
Interborough Rapid Transit (Subway).....	81.94
Manhattan (Elevated) Railway.....	118.05
Surface Lines controlled by Interborough Rapid Transit.....	154.03
New York City Railway and subsidary companies.....	519.46
Total...	873.48

At the end of 1909, this company had acquired the following amounts of the constituent companies' stocks:

	Total Amount	Amount Acquired
Interborough Rapid Transit Co.	$35,000,000	$33,912,800
Metropolitan Street Railway Co.	52,000,000	42,740,000

The preferred stock is 5 per cent. cumulative, and has a preference as to assets. Dividends are payable quarterly on January (1), April, July and October. The preferred cannot be increased without the consent of two thirds in amount of its holders, and no stock having prior rights can be created. The preferred has no voting power except in the event of a default in the payment of dividends and as long as such default shall continue.

All the common stock was deposited in a voting trust for a term of years, subject to dissolution at the discretion of the trustees. Voting Trustees, August Belmont, Walter G. Oakman, Thomas F. Ryan, Cornelius Vanderbilt and Peter A. B. Widener.

On July 2, 1906, the first quarterly dividend of 1¼ per cent. was made on the preferred stock, and like payments were made in October, 1906, and in January, April and July, 1907, after which dividends ceased.

INTERBOROUGH RAPID TRANSIT CO.

(Controlled by Interborough-Metropolitan Co.)

A corporation formed under the laws of New York, May 6, 1902. The company was organized to operate the Rapid Transit Subway in New York City. It acquired all the stock of the Rapid Transit Subway Construction Co. The latter company was a New York corporation, formed in February, 1900. A full statement regarding it was given in the MANUAL for 1902. The Rapid

Transit Subway Construction Co. took an assignment of the contract awarded by the Rapid Transit Commission and the Municipality of New York in 1900 to John B. McDonald for the construction and operation of a subway in that city.

The subway is a four-track line of road, operated by electricity, extending from the City Hall via Park avenue and 42d street and Broadway to 103d street, with two-track extensions, partly viaduct, to Kingsbridge and to Bronx Park. It also has a two-track extension from the City Hall, New York, southward to the Battery and thence by tunnel under the East River to the Borough Hall, Brooklyn, and to a connection with the Long Island Railroad at Atlantic avenue, 2½ miles. The section of the road from City Hall, to as far as 145th street on the west side, was opened October 27, 1904, the line to Kingsbridge being completed in February, 1906, and the east side extension, as far as 145th street, in November, 1904, and in July, 1905, to West Farms. The part of the southern extension, from City Hall to the Battery, was also opened in July, 1905. The tunnel to Brooklyn was completed and opened for traffic in January, 1908. Total of the subway lines operated, 72.88 miles.

The company, in 1904, acquired control of the New York & Queens County Railway Co., owning all its capital stock, this system including 74½ miles of electric surface lines in Long Island City. It is also joint owner with the Long Island Railroad Co. of the New York & Long Island Traction Co., 30 miles, and the Long Island Electric Co. See separate statements of the New York & Queens County Railway, and New York & Long Island Traction Co's. The surface lines controlled aggregate, 154.03 miles of track. The New York & Long Island Railroad Co., which has completed a tunnel from 42d street and 4th avenue, Manhattan, to Long Island City, is controlled. Operation of this tunnel has been delayed on account of a controversy with the City regarding the franchise, and up to February, 1910, no conclusion had been reached concerning the matter.

In January, 1903, this company leased the Manhattan (elevated) Railway Co. See below.

The arrangement with the City, under the contract entered into in January, 1900, which contract was assigned to the Rapid Transit Subway Construction Co., included provisions that the City should issue bonds to the amount of $35,000,000 to pay for the construction of the tunnel, and that the contractor should give a bond of $5,000,000 for the construction and equipment of the road and a continuing bond of $1,000,000, four and a half years being allowed for the completion of the work. Under the terms of the agreement the contractor is to have a lease of the road for fifty years, with the right to renew the same for twenty-five years additional. The rental provided for is the amount of interest paid by the City on its bonds, issued for the purpose, including interest during construction, and in addition 1 per cent. per annum on such cost of construction, there being provisions in regard to an increase of the rental when the gross earnings of the property exceed $5,000,000 per annum. In case of a renewal for twenty-five years, the rental shall be not less than the average amount paid by the company for the last ten years of the original lease. The company agreed to provide and pay for the electrical equipment, rolling stock and other accessories of the road, the estimated cost of which was about $20,000,000.

The arrangement in connection with the construction of the line between the City Hall, Manhattan, and Atlantic avenue, Brooklyn, was that the company shall build the same for $3,000,000, supplied by the City, but this part of the work will cost considerably more than that sum.

The bonds created by the City in connection with the construction of the subway are both 3 per cent. and 3½ per cent., and issued as the work progressed, payments by the City to the contractor being made by instalments as the work progresses.

In December, 1902, the company made a lease of the property of the Manhattan Railway Co. for 999 years, from April 1, 1903. The rental under the lease is 6 per cent. per annum on the stock of the Manhattan Railway Co. from the date of the lease to January 1, 1906, and 1 per cent. additional if earned. After January 1, 1906, the rental became 7 per cent. per annum on the stock of the leased company. See the separate statement of the Manhattan Railway Co. in this edition of the MANUAL.

Stock.....Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

At the end of 1908, the Interborough-Metropolitan Co. held $33,912,500 of this company's stock. See statement of the company in question.

Transfer Agent, August Belmont & Co., New York. Registrar, Guaranty Trust Co., New York.

The 1st dividend paid on the stock was 2 per cent., July 1, 1904. On January 2, 1905, 3 per cent. was paid. These dividends, it was understood, represented surplus profits derived from the lease of the Manhattan Railway Co. In January, 1905, it was announced that dividends would henceforth be paid quarterly, and the dividend paid April 4, 1905, was 1¾ per cent. quarterly. The July, 1905, dividend was, however, 2 per cent., which was also the rate paid in October, 1905, and January and April, 1906. The July, 1906, and subsequent quarterly dividends have been 2¼ per cent each.

In August, 1902, the authorized stock of the Interborough Rapid Transit Co. was increased 25,000,000 to $35,000,000 in order to provide for the construction of the subway extension

from the City Hall, Manhattan, to Atlantic avenue, Brooklyn. The additional stock, as well as the amount of the original authorized stock ($6,400,000), which remained unissued when the company was formed, were also, it is understood, subscribed for by the stockholders.

The stock was originally $120,000,000 all common. In January, 1907, the stockholders voted to divide the stock into $60,000,000 of common and $60,000,000 7 per cent. cumulative preferred stock, the latter to carry dividends from February 15, 1907. The arrangement in carrying this out was that for each two shares of the old stock, holders would receive one share of new preferred and one share of new common.

In January, 1910, the common stock was increased from $60,000,000 to $80,000,000, and the additional $20,000,000 stock distributed as a stock dividend of 33⅓ per cent. to the common stockholders, representing profits theretofore withheld from dividends on that class of stock.

The stock is held in a voting trust, until August 1, 1912, or prior thereto at the will of the trustees who are George W. Perkins, Charles Deering and Cyrus H. McCormick.

The first dividend on the old common stock of $120,000,000 was 3 per cent., paid November 10, 1903. A second dividend of 4 per cent. was paid November 10, 1904, and 4 per cent. was also paid November 10, 1905, and November 12, 1906.

The first dividend paid on the new preferred stock was 1¾ per cent. quarterly, June 1, 1907, and similar quarterly dividends have since been paid in March (1), June, September and December, being at the full rate of 7 per cent. per annum.

The dividend of 33⅓ per cent. in common stock was paid to common stockholders of record February 3, 1910.

INTERNATIONAL MERCANTILE MARINE CO.

A corporation formed under the laws of New Jersey, June 6, 1893, under the title of the International Navigation Co., the name having been changed to the present style in 1902. The International Navigation Co. owned and operated the American and the Red Star lines of steamships. See statement of the company given in the MANUAL for 1902. This change of name, together with an accompanying increase in the capitalization of the company, was in pursuance of a plan to unite the ownership of a number of the principal companies carrying on a transatlantic steamship service. The plan was financed by a syndicate of American and British capitalists headed by J. P. Morgan & Co., New York.

The properties acquired included: 1. All the shares, being 750 in number of £1,000 each of the Oceanic Steam Navigation Co., Limited, together with new vessels building for that company and all rights in the White Star Line, name, etc.; also the business of Ismay, Imrie & Co., agents of the line, excluding certain properties and rights reserved.

2. INTERNATIONAL PAPER CO.

A corporation formed under the laws of New York, January 31, 1898. It owns paper manufacturing plants in New York and the New England States, a detailed list of which is given in the MANUAL for 1903.

The company and its subsidiary companies hold fee simple title to about 1,000,000 acres of spruce woodlands in New York, New England, Michigan and Canada, and timber rights on over 3,000,000 acres in Canada. In 1901, the American Realty Co. was organized in the interest of this company to hold a portion of the company's woodlands in Maine. The plants have a developed water power of 170,000 horse-power, producing about 1,700 tons of news, wrapping and miscellaneous paper per day. The company controls the Continental Paper Bag Co. of Rumford Falls, Me.

Stock..Par $100..Authorized { com., $20,000,000 / pref., 25,000,000 } Issued { com., $17,442,800 / pref., 22,406,700 } $39,849,500

The preferred stock is 6 per cent., cumulative. The preferred may be increased to retire the company's bonds. Stock is transferred at the office of the company, New York. Registrar, Metropolitan Trust Co., New York.

The first regular quarterly dividend of 1½ per cent. on the preferred stock was paid July 11, 1898, and quarterly dividends of the same amount were paid regularly until April,

1908, when only 1 per cent. was paid, the July, 1908, dividend being also 1 per cent. In October, 1908, the rate on the preferred was further reduced to ½ per cent. quarterly which has since been the rate to January, 1910, inclusive. The first dividend of 1 per cent. on the common stock was paid December 31, 1898, and two other quarterly dividends of 1 per cent. each were paid on the common in March and July, 1899, respectively. The October, 1899, dividend on the common was, however, passed, the management stating that the increased business of the company necessitated a larger working capital, and since then no dividends have been paid on the common stock.

INTERNATIONAL SILVER CO.

A corporation formed under the laws of New Jersey, November 21, 1898. The company was organized to unite some of the leading manufactories of silver and silver-plated ware in the United States and Canada. The companies included were:

Meriden Britannia Co., Meriden.
Rogers & Brother, Waterbury.
Barbour Silver Co., Hartford.
William Rogers Manufacturing Co., Hartford.
Manhattan Silver Plate Co., Lyons, N. Y.
Watrous Manufacturing Co., Wallingford, Conn.
Rogers Cutlery Co., Hartford.
Meriden Silver Plate Co., Meriden.
Wilcox Silver Plate Co., Meriden.
Rogers & Hamilton, Waterbury.
Norwich Cutlery Co., Norwich.
Standard Silver Co., Ltd., Toronto.
Holmes & Edwards Silver Co., Bridgeport.
Derby Silver Co., Derby, Conn.
Simpson Nickel Silver Co., Wallingford, Conn.
Simpson, Hall, Miller & Co., Wallingford, Conn.
Middletown Plate Co., Middletown, Conn.
Ontario Silver Co., Ltd., Niagara Falls, Ont.

The four last-named concerns were acquired after the organization of the company. The company acquired the trade-marks, etc., of all these establishments.

In January, 1903, this company acquired by purchase the United States Silver Corporation, which contained in its treasury a large amount of the capital stock of the International Silver Company, all the stock of C. Rogers & Bros., of Meriden, Conn., and had no liabilities of any description. The United States Silver Corporation has been dissolved and its assets transferred to the International Silver Company, which accounts for the reduction in the amount outstanding of preferred and common stock.

Stock....Par $100...Authorized { com., $11,000,000 / pref., 9,000,000 } Issued { com., $685,400 / pref., 6,028,587 } $6,713,987

The preferred stock is 7 per cent., cumulative. In January, 1903, $1,500,000 additional of preferred stock was issued for the acquisition of the United States Silver Corporation. Transfer Agent, American Exchange National Bank, New York. Registrar, New York Trust Co., New York. The company on December 31, 1909, held in its treasury $9,259,300 of common and $579,912 of preferred stock.

The payment of dividends on the preferred stock was commenced in 1900, a quarterly dividend on the preferred of 1¾ per cent. being declared, payable April 1, 1900, but no other dividends were paid in 1900 or 1901. On January 1, 1902, 1 per cent. was paid on the preferred, and subsequent quarterly payments were on that basis, the dividend periods being January (1), April, July and October. The quarterly dividend paid April 1, 1907, was increased to 1½ per cent. placing the stock on a 6 per cent. basis, but the April, 1908, dividend was reduced to 1 per cent. placing the stock on a 4 per cent. annual basis, and subsequent quarterly payments were 1 per cent. each until April, 1909, when 1¼ per cent. was paid, which was the quarterly rate until April, 1910, when 1¾ per cent. was paid with ¼ per cent. extra.

There was 21¼ per cent. of unpaid cumulative dividends on the preferred on January 1, 1903, and it was decided to settle the claims of the preferred stock by an issue of non-interest-bearing scrip for the amount of the unpaid dividends, the scrip being retirable at the company's option. There is $1,085,343 of the scrip outstanding. On March 1, 1907, an extra dividend of 1 per cent. was paid and on January 1, 1910, ½ per cent. extra.

Stock is transferred at the office of the company, Camden, N. J.

FUNDED DEBT

Collateral trust bonds, 3 to 4 per cent., due Feb., 1943, Feb. and Aug..... $10,776,600

The collateral trust bonds are secured by the deposit with the Real Estate Title Insurance & Trust Co., Philadelphia, trustee, of the stock of the United Power & Transportation Co., referred to above, which was purchased with the bonds. The bonds are subject to call at 105 and interest after February, 1913, on thirty days' notice. They bear interest at the rate of 3 per cent. per annum for the first year, from the date of issue, February 1, 1903, 3½ per cent. for the second year, and 4 per cent. for the third and subsequent years. Interest is payable at the office of the trustee.

The February, 1909 coupons having been defaulted, bondholders were requested to deposit their bonds with the Philadelphia Trust, Safe Deposit & Insurance Co. In May, 1909, the February coupon was paid. The August, 1909, coupon was also defaulted and was paid in November. Default was again made on the February, 1910, coupon. See above.

Edison Elec. Ill. of Brooklyn, cons. mort., 4 per cent., due Jan., 1939, Jan. and July	4,275,000
Total	$14,451,000

The purchase-money bonds are secured by the deposit with the Central Trust Co., New York, trustee, of the Edison Illuminating Electric Co. shares acquired, a fund of $1,000,000 cash invested in securities being also held by the trustee for the protection of the purchase-money bonds.

The convertible 6 per cent. debentures were authorized in 1909 for $5,000,000. Beginning March 1, 1913, they are convertible into stock at par.

The Edison Electric Illuminating consolidated mortgage was authorized in 1898, originally of $5,000,000 at 5 per cent. It was, at the time of the sale of its stock to the Kings County Co., increased to $10,000,000, authorized, at 4 per cent., and $2,000,000 was sold, being to pay for the stock of the Municipal Co. Of the remainder, $1,875,000 was reserved to retire the $1,500,000 of Edison 1st 5s, at 110 in 1900, the Edison stockholders having the right to subscribe for the bonds devoted to this purpose at 88. The balance of the issue may be used to provide for the company's future capital requirements. In 1900, $2,275,000 of the consols were sold, of which $1,875,000 were to retire the Edison 1st mortgage bonds, and $400,000 to provide for extending the Edison Co's business.

The trustees of the mortgages and agents for the payment of interest on the different bond issues are as follows:

LACLEDE GASLIGHT CO.

A corporation formed by a special Act of the Legislature of Missouri, March 2, 1857. Its charter is perpetual, and confers upon the company the perpetual right to use the streets of St. Louis for its pipes and any appliance for conducting a substitute for gas. In 1889 the company secured control of all the other gas organizations in that city. Its plants have a capacity

of about 18,000,000 feet per day, with about 850 miles of street mains, 223,000 consumers' meters and 18,000 lamp services and lamp posts. The company also sells electricity.

The North American Co. had an interest in this company and in June, 1909, control was acquired by St. Louis capitalists.

Stock...Par $100....Authorized { com., $17,500,000 / pref., 2,500,000 } Issued { com., $8,500,000 / pref., 2,500,000 } $11,000,000

The preferred stock is 5 per cent., cumulative. The common stock was increased from $7,000,000 to $8,500,000 in 1900, and in 1904 a further increase of $9,000,000 was made in the authorized amount.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The dividend of February 8, 1898, on preferred cleared off the cumulative dividends on preferred. The dividends on the preferred are paid semi-annually, 2½ per cent. each, in June (15) and December. The company began paying dividends on its common with one of 1½ per cent., semi-annual, in February, 1898, and it continued such payments on the common at the rate of 3 per cent. per annum in 1898 and 1899. In March, 1900, the semi-annual rate was increased to 2 per cent., putting the common on a 4 per cent. basis. The semi-annual dividends on the common were in March (15) and December, but in 1904 the payments were made quarterly of 1 per cent. each, beginning June 1 of that year. The dividend paid March 15, 1905, was increased to 1¼ per cent. or 5 per cent. per annum, which was the regular rate until March, 1909, when there was a further increase to 1½ per cent., or 6 per cent. per annum.

THE LEHIGH COAL & NAVIGATION CO.

A company incorporated in Pennsylvania, February 13, 1822, with a perpetual charter.

This company owns the Lehigh Canal, the Lehigh & Susquehanna Railroad and branches, 163 miles, the Nesquehoning Valley Railroad, 17 miles, and the Delaware Division Canal, besides having an extensive anthracite coal property. It leases the Tresckow Railroad, 7 miles, and Wilkes-Barre & Scranton Railroad, 4 miles; in all, 11 miles leased. These railroads are leased to The Central Railroad Co. of New Jersey at a rental of one-third of gross earnings. In 1904, the company acquired an interest in the Lehigh & New England Railroad Co.

This is the oldest of all the anthracite companies, having been organized in 1822. The first shipments of anthracite coal were made from its property.

Stock.....Par $50.....Authorized, $24,173,000.....Issued, $24,153,150

In 1902 the company issued and sold $1,436,665 of new stock to provide for improvements, and in November, 1904, the stockholders subscribed at par for $1,577,200 new stock. In March, 1908, the stockholders had the right given them to subscribe at par for $1,734,500 new stock in the proportion of 10 per cent. of their holdings. Stockholders of record April 30, 1909, were offered the right to subscribe for 10 per cent. of their original holdings in new stock at par. On March 1, 1910, paid a scrip dividend of 15 per cent., the scrip being convertible into stock at par between March 1 and April 30, 1910, or if not, converted to be redeemed by the company at par. This called for the issue of $3,150,400 new stock.

Stock is transferred at the office of the company, Philadelphia. Registrar, Fidelity Trust Co., Philadelphia.

Dividends are paid semi-annually in May and November. In May, 1900, the semi-annual rate was increased from 2 to 2½ per cent., and the dividend paid November 27, 1900, was increased to 3 per cent., putting the stock on a 6 per cent. basis, which was the rate in 1901, but the November, 1902, dividend was reduced to 2 per cent., making 5 per cent. on the stock for 1902. In 1903, the dividends were 3 per cent. semi-annually, or 6 per cent. for the year. In 1904, the dividends paid were 7 per cent., the semi-annual payments being 3½ per cent. In 1905, paid 8 per cent. or 4 per cent. semi-annually, which was also the rate paid in 1906 and 1907. In November, 1909, paid 1 per cent. extra. See above regarding 15 per cent. scrip dividend paid March 1, 1910.

In December, 1904, stockholders were invited to deposit their stock in a voting trust to run until March 1, 1910, the trustees to have power to sell the deposited stock at $135 per share. The trustees are R. Dale Benson, Philadelphia, Edward Walter Clark, Philadelphia, George H. Earle, Jr., Philadelphia, George H. Frazier, Philadelphia, Erskine Hewitt, New York, and Lewis A. Riley, Philadelphia. At the end of 1909, $14,701,450 of the stock was deposited with the Provident Life & Trust Co., Philadelphia, under this arrangement. In November, 1910, a continuance of the voting trust was recommended, and in February, 1910, a substantial amount of this stock had assented to the proposition.

The preferred shares are 4 per cent., cumulative. Shares are transferred at the office of the company, New York. Registrar, American Exchange National Bank, New York.

The first dividend on the preferred shares was 1 per cent., paid April 10, 1904, and quarterly dividends of 1 per cent. each have since been paid regularly, the dividend periods being January (1), April, July and October. The first dividend on the common stock was a semi-annual payment of 1 per cent., January 10, 1905, and similar payments were made in July, 1905, and January, 1906. In July, 1906, a quarterly dividend of 1 per cent. was paid which continued to be the regular rate, the dividend periods being January, April, July and October. The January 1910 dividend was increased to 1¼ per cent.

The income of the subordinate companies is largely in excess of the amount required to pay the dividends, but it is the policy of The Mackay Companies to obtain from the subordinate companies only enough money to meet the dividends of The Mackay Companies' shares, all surplus earnings being left in the treasuries of the subordinate companies for extensions and the development of the business and the increase of reserves.

MANHATTAN RAILWAY CO.

(Leased to Interborough Rapid Transit Co.)

A corporation formed November 24, 1875. Road owned, 37¾ miles of double-track elevated road in Manhattan and Bronx Boroughs, New York City. In 1901–02 the road was equipped with electric power. Passenger cars, 1,591; service cars, 52.

By a merger agreement, which was ratified August 1, 1884, new stock was issued for the $13,000,000 of Manhattan stock then outstanding, and $6,500,000 each of Metropolitan and New York Elevated Railroad stocks, on the basis of 85 for Manhattan, 120 for New York and 110 for Metropolitan. The present company assumed all liabilities and obligations of the consolidated lines.

In December, 1902, this road was leased to the Interborough Rapid Transit Co. for 999 years from April 1, 1903. The rental was 6 per cent. per annum on the stock from April 1, 1903, until January 1, 1906, with 1 per cent. extra if earned. Since the latter date the guaranteed dividends have been 7 per cent. per annum on the stock of the leased road.

Stock.....Par $100.....Authorized, $60,000,000.....Issued, $60,000,000

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

The stock of the company was originally $26,000,000, authorized. In 1891, $4,000,000 new stock was issued for the acquisition of the Suburban Rapid Transit line. On February 1, 1899, it was decided to install electric power instead of steam, and $18,000,000 new stock was authorised to meet the expenses of the change of power. Stockholders were offered the privilege of subscribing for the additional stock at par to the extent of 60 per cent. of their holdings. Prior to the lease to the Interborough Rapid Transit Co., the stock was increased to $60,000,000, and $7,200,000 of the same was offered to the stockholders at par, being 15 per cent. of their original holdings. It is provided under the lease that the remaining $4,800,000 of stock could be issued after January, 1906, the proceeds to be applied to improvements. This amount of stock was sold at auction in New York on November 28, 1906, at from $141 to $143 per share, raising the issued stock to $60,000,000.

Dividends on the stock are quarterly in January, April, July and October, 1¾ per cent. each.

MASSACHUSETTS ELECTRIC COMPANIES

A voluntary association organized in Massachusetts in 1899. The association is managed by a board of fifteen trustees, who hold title to its assets. The declaration of trust contains provisions against the creation of any indebtedness whereby shareholders can become personally liable. The association acquired through ownership of all or a majority of their stock, thirty-six railway and electric lighting companies in Massachusetts, New Hampshire and Rhode Island. The trustees have, however, procured the merger of many of these companies, so that their number has been reduced to the following:

Boston & Northern Street Railway Co.
Old Colony Street Railway Co.
Hyde Park Electric Light Co.

The following companies are controlled through lease:

Boston & Chelsea Street Railway Co.
Boston & Revere Electric Street Railway Co.
East Middlesex Street Railway Co.
Winnisimmet (Street) Railroad Co.
Nashua Street Railway Co.
Newport & Fall River Street Railway Co.

The companies which are owned have a total share capital of $20,139,100, practically all being held by the trustees of this organization except the preferred stocks of the Boston & Northern, and of the Old Colony Street Railway Co's. The system comprises 883.54 miles of track, of which 63.14 miles are leased. Their power stations have an aggregate capacity of 58,510 horse power.

The organization since its formation has provided a large amount of cash to extinguish the floating debts of the various companies and to improve the properties, and has, by consolidation of various companies it controls and in other ways, economized their expenses and increased their earnings. The aggregate funded debt of the companies owned on September 30, 1909, was

$19,453,000. In 1903 the Boston Elevated Railway Co. leased the portion of the Old Colony Street Railway in the city of Boston for 99 years at an annual rental of 6⅛ per cent. on an appraised value of $353,000. In 1904 this company acquired and took over the Georgetown, Rowley & Ipswich Street Railway Co. and the Haverhill, Georgetown & Danvers Street Railway Co., and in 1906, the Lowell & Woburn Street Railway Co.

Stock ...Par $100... Authorized { com., $14,293,100 / pref., 20,557,400 } Issued { com., $14,293,100 / pref., 20,557,400 } $34,850,500

The shares are in the form of certificates issued by the trustees and representing proportionate participation in the organization. The preferred shares are 4 per cent., cumulative.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, American Trust Co., Boston.

The first dividend on the preferred shares was 2 per cent., semi-annual, paid December 1, 1899. A second dividend of 2 per cent. was paid June 1, 1900. In December, 1900, the dividend period was changed to January and July, and 2⅓ per cent. was paid on the preferred January 1, 1901; 2 per cent. was subsequently paid on the preferred, in July (1) and January, until January 1, 1905, when the dividend was passed, and none were paid until 1 per cent. was distributed January 1, 1909. In July, 1909, 1¾ per cent. was paid, and in January, 1910, 1¾ per cent.

In January, 1909, the Boston & Northern Railway Co. issued and sold $723,600 of 6 per cent. cumulative preferred stock. The Old Colony Railway Co. at the same time issued and sold $372,600 6 per cent. cumulative preferred stock. In both cases the preferred stock is subject to call at 120.

METROPOLITAN SECURITIES CO.

A corporation formed under the laws of New York, February 14, 1902. The purpose of the company was to acquire, own or sell the securities of other companies. It owns all the stock of the New York City Railway Co., originally the Interurban Street Railway Co., which is $20,000,000 authorized and $9,361,500 issued, to which company the Metropolitan Street Railway Company's system of roads was leased for 999 years, from February 14, 1902. See statement of the latter company. This company also acquired holdings (the amount of which is not definitely known), of the stock of the Third Avenue Railroad Co. In 1909, it was understood that the holdings of Third Avenue stock had been sold.

This company acquired the stock of the New York, Westchester & Connecticut Railway, the People's Traction Co., the Edenwald Street Railway Co., the Jerome Park Railway Co. and the Wall & Courtlandt Street Ferries Railway Co. It has an interest in the New York Transportation Co., which controls the Fifth Avenue Coach Co. and the Park Coach Co.

In January, 1906, a plan was formulated whereby this company's stock was to be sold to the Interborough-Metropolitan Co. See statement of the latter company. Under the terms of the plan Metropolitan Securities stock, 75 per cent. paid, was to be exchanged for 93⅓ per cent. of its face in common stock of the Interborough-Metropolitan Co. At the close of 1907 the Interborough-Metropolitan Co. had acquired $29,373,100 of this company's stock.

In September, 1908, the New York City Railway Co. obtained a judgment for $4,964,000 and interest against this company.

Stock.....Par $100.....Authorized, $30,000,000.....Issued, $30,000,000

The entire stock was subscribed, and there was paid in on the stock $25 per share at the inception of the company, a second payment of $25 being called and paid June 10, 1903, making the stock $50 paid. In connection with the merger and sale of this company's stock to the Interborough-Metropolitan Co. it was provided that this stock should be 75 per cent. paid, and a further call of 25 per cent. was accordingly made, payable January 30, 1906.

Transfer Agent, Guaranty Trust Co., New York. Registrar, Mercantile Trust Co., New York.

The plan for the formation of this company provided that the property of the Metropolitan Street Railway should be leased to the Interurban Street Railway, the latter to assume the fixed charges of the Metropolitan Street Railway Co. and guarantee dividends of 7 per cent. per annum on the entire amount of the capital stock. The stockholders of the Metropolitan Street Railway Co. were given the right to buy $23,400,000 of the stock of the Metropolitan Securities Co. at par. This company agreed to pay $23,000,000 cash into the treasury of the Interurban Street Railway Co., receiving in return stock of the Interurban Street Railway Co. at par and debentures bearing interest at a rate not exceeding 4 per cent. per annum.

The New York City Railway Co. has 10-year 3 per cent. notes outstanding to the amount of $1,761,000 and loans and bills payable December 31, 1906, $10,865,000.

President, Herbert H. Vreeland, New York. Vice-President, R. W. Meade, New York. Secretary and Treasurer, Edward W. Sayre, New York.

METROPOLITAN STREET RAILWAY CO.

NEW YORK CITY RAILWAY CO., LESSEE

The Metropolitan Street Railway Co. is a corporation formed under the laws of New York November 12, 1893.

On October 1, 1907, Adrian H. Joline, New York and Douglas Robinson, New York, who had in September, 1907, been appointed Receivers of the New York City Railway Co., were appointed by the United States Circuit Court, Receivers of the Metropolitan Street Railway Co. In July 1908, William W. Ladd, New York, was appointed by the Court sole Receiver of the New York City Railway Co.

A joint reorganization committee has been formed for the refunding and the general collateral trust bonds composed of: Donald Mackay, New York; W. P. Dixon, New York; C. E. Tripp, New York; and Otto H. Kahn, New York. There is also a protective committee for the minority stockholders: Chairman, John I. Waterbury, New York. The Guaranty Trust Co., New York, is Depositary for the general collateral trust 5 per cent. bonds, and the Farmers Loan & Trust Co., New York, is Depositary for the refunding 4s. A decree of foreclosure was granted in March, 1909, in the suit brought by the trustees of the general collateral trust mortgage.

See above in statement of the Metropolitan Securities Co., in regard to the lease of the Metropolitan Street Railway to the Interurban Street Railway Co., now the New York City Railway Co., which was made in April, 1902, the terms of the lease including the guarantee of 7 per cent. per annum on this company's stock. The Interurban Street Railway Co., was incorporated under the laws of New York, November 25, 1901, and on February 10, 1904, its name was changed to the New York City Railway Co. Its stock is $9,361,500, and there are $1,761,000 of 3 per cent. notes, due April, 1912, together with some $10,000,000 of bills payable and loans. All the above is held by the Metropolitan Securities Co.

In January, 1906, a plan was announced for the sale of this company's stock to the Interborough-Metropolitan Co., the provision of the plan being that this company's stock should be exchanged for 100 per cent. of new 5 per cent. cumulative preferred stock of the Interborough-Metropolitan Co. and 55 per cent. of the latter's common stock. See statement of the Interborough-Metropolitan Co. At the close of 1907, the Interborough-Metropolitan Co. had acquired $42,740,000 of the Metropolitan Street Railway Co's stock.

The Metropolitan Street Railway Co., prior to the Receivership, controlled all the important street railway lines in New York City. An organization known as the Metropolitan Traction Co. was formed in 1891, under the laws of New Jersey, in order to purchase the Broadway Surface Railway Co. In September, 1892, the Metropolitan Traction Co. reorganized under the New York law. The Metropolitan Street Railway Co. was organized in 1893 to operate the roads, and all of its stock was owned by the Metropolitan Traction Co. In 1896, the stock of the Metropolitan Street Railway Co. was increased from $16,500,000 to $30,000,000, and in October, 1897, it was exchanged for the stock of the Metropolitan Traction Co., the latter being dissolved.

In 1898, the Metropolitan Street Railway Co. increased its capital stock to $45,000,000. Out of the increase of $15,000,000 the stockholders were allotted $10,000,000 at par, and of the proceeds $6,000,000 were used to retire $6,000,000 of 5 per cent. debentures. $4,000,000 of the proceeds of stock allotment were devoted to changing the power on various lines to electricity, and the remaining $5,000,000 of stock was sold to stock holders at par in August, 1899. In May, 1900, the stock was increased from $45,000,000 to $52,000,000. In December, 1900, the $7,000,000 additional stock was allotted to the stockholders at 160.

In May, 1900, the Metropolitan Street Railway Co. leased the Third Avenue Railroad Co., and guaranteed that company's issue of $50,000,000 4 per cent. bonds. The New York City Railway owned $4,500,800 of the Third Avenue Co's stock, and the Metropolitan Securities Co. also acquired an interest in the Third Avenue stock. In 1909, it was understood that these interests had been sold. For terms of the lease see the Third Avenue Railroad Co's statement. Also as to separate Receivership of that company, which, with its controlled properties, was thus severed from the Metropolitan Street Railway System and the exchange of free transfers between the lines of the two companies abolished.

The Metropolitan Street Railway Co. was originally a consolidation of four roads controlled by the Metropolitan Traction Co., viz.: Broadway Railroad, South Ferry Railway, Houston, West Street & Pavonia Ferry Railroad, and Chambers Street & Grand Street Ferry Railroad Companies. In 1894 and 1895, it also formally absorbed the Columbus & Ninth Avenue Railroad, Metropolitan Crosstown Railway and the Lexington Avenue & Pavonia Ferry Railway

Companies. The following companies, in which the Metropolitan Traction Co. had a controlling interest, were also leased to the Metropolitan Street Railway Co.; Broadway & Seventh Avenue Railroad, Sixth Avenue Railroad, Ninth Avenue Railroad, Twenty-third Street Railway (including its leased line, the Bleecker Street & Fulton Street Railroad), Forty-second Street & Grand Street Ferry Railroad, Central Park, North & East River Railroad (Belt Line). Control of the Eighth Avenue Co. was also acquired in November, 1895, and that road was leased to the Metropolitan Street Railway, and in 1896 the Fourth and Madison Avenue surface line of the New York & Harlem Railroad was leased. In 1897, the company acquired a controlling interest in the Central Crosstown Railway Co., including Christopher & Tenth Streets Railroad Co., and in the Second Avenue Railroad Co., the latter being leased. The roads leased and controlled through ownership of part or all of their stocks include the Thirty-fourth Street Crosstown Railway Co., the Twenty-eighth & Twenty-ninth Street Crosstown Railroad Co. and the Fulton Street Railroad Co.

The Receivership has resulted in defaults in rentals on leased lines and considerable disruption of the system. The Third Avenue Railroad Co. was placed in the hands of F. W. Whitridge as separate Receiver in September, 1907. The Central Park, North & East River Railroad Co's lease was cancelled in June, 1908, and that road returned to its stockholders. In June, 1908, the Receivers discontinued operating the Fulton Street Railroad. The rental of the Second Avenue Railroad Co. was defaulted in March, 1908, and on September 30, 1908, George W. Lynch was appointed separate Receiver for that company. The Twenty-eighth & Twenty-ninth Street Crosstown Railway also has a separate Receivership.

Total miles of track operated June 30, 1906, 516.80 miles. This included 424.27 miles operated with electric power and 92.53 miles with horses.

In connection with the installation of electric power on its lines the company acquired a water-front property on the East River at Ninety-sixth and Ninety-seventh streets, where it erected a large power station.

Stock.....Par $100.....Authorized, $52,000,000....Issued, $52,000,000

Stock is transferred at the office of the company, New York. Registrar, Guaranty Trust Co., New York.

Dividends have been as follows: On Metropolitan Traction stock, in 1891, 4 per cent.; in 1892, 3 per cent.; in 1893, none; in 1894, 5 per cent.; in 1895, 5 per cent.; in 1896, 5 per cent.; in 1897, 5 per cent. On Metropolitan Street Railway stock, in 1898, 5 per cent.; in December, 1898, the quarterly dividend, payable January 16, 1899, was increased from 1¼ to 1¾ per cent., putting the stock on a 7 per cent. basis. The dividends were paid quarterly, in January (15), April, July and October. The last quarterly dividend paid was in July, 1907, the October, 1907, payment having not been made in consequence of the Receivership of the Metropolitan Street Railway Co. and of its lessee, the New York City Railway Co.

The Receiver's certificates were authorized in March, 1908, and have a prior lien to both the general collateral trust and the refunding mortgage bonds.

The general collateral trust mortgage created in 1897 was to provide for changes in motive power, power-houses, etc. The interest on these bonds, due February 1, 1908, was defaulted.

In connection with the formation of the Metropolitan Securities Co. and the lease of this company to the Interurban Street Railway Co., the Metropolitan Street Railway Co. in April, 1902, authorized the creation of a refunding 4 per cent. mortgage, due 2002, with which to retire prior liens and provide for improvements and extensions. The authorized amount of the refunding mortgage is $65,000,000. Trustee, Guaranty Trust Co., New York. Interest on the bonds is payable at the office of the company. In view of the company's Receivership, a committee: Chairman, Edgar S. Marston, New York; Depositary, Farmers Loan & Trust Co., New York, was constituted to protect the interests of the bondholders. The October, 1907, coupons were paid, but in November, 1907, the trustee brought suit to foreclose the mortgage.

The Lexington Avenue & Pavonia Ferry Railroad Co. 1st mortgage 5s and the Columbus & Ninth Avenue Railroad Co. 5s were authorized in 1894 to provide for an extension of the cable system. Both issues are guaranteed and assumed by the Metropolitan Street Railway Co. Of the Broadway Surface Railroad 1st mortgage bonds $1,125,000 are guaranteed by the Broadway & Seventh Avenue Railroad Co., and $375,000 by the Twenty-third Street Railway Co.

The Metropolitan Street Railway has large stock interests in the various companies leased, amounting to $22,188,900. The following companies were leased upon a guarantee of dividends, the amounts of which and of their respective stocks are as follows. See above regarding the cancellation of leases and separate Receiverships of various companies.

*Second Avenue Railroad	9	per cent. per annum	1,862,000

——*Metropolitan Street Railway has a controlling interest in stock of roads thus marked.

The rental of the New York & Harlem Railroad's Fourth avenue surface road is $350,000 per annum for first five years from the date of the lease in July, 1896, and $400,000 per annum thereafter. The Second Avenue lease provides for 8 per cent. dividends for three years from March 1, 1898, and 9 per cent. thereafter.

The preferred stock is 7 per cent., cumulative. It also has preference as to distribution of the assets in case of dissolution. Stock is transferred at the office the company, Dayton, O.

In September, 1906, the common stock authorized and issued was increased from $4,000,000 to $9,000,000 and the additional amount distributed to the common stockholders as a stock dividend.

Dividends on the preferred have been paid regularly since the stock was issued, the payments being semi-annual, 3½ per cent. in January and July. In 1904, 2 per cent. was paid on the common stock; in 1905, 3 per cent.; in 1906, 3 per cent.; in 1907, 1 per cent. In April, 1908, 2 per cent. was declared payable in nine monthly instalments, the first being on April 10, 1908, and the others on the 1st of each succeeding month. In December, 1908, 2½ per cent. was declared payable in twelve instalments, beginning January 1, 1909. In December, 1909, 2½ per cent. was again declared payable likewise in twelve monthly instalments, beginning January 1, 1910.

The net earnings of the company are stated to have averaged about $300,000 per annum.

NATIONAL ENAMELING & STAMPING CO.

A corporation formed under the laws of New Jersey, January 21, 1899. It is a consolidation of concerns which produce the greater part of the enameled ware made in the United States and a large proportion of the tin, galvanized, japanned and copper wares. The plants acquired were those of the St. Louis Stamping Co.; St. Louis Tin Plate Co.; Granite City Rolling Mills; Granite City Steel Works; Granite City Sheet Mills, located at St. Louis, and Granite City, Ill.; Kieckhefer Brothers Co., Milwaukee; Matthai, Ingram & Co., Baltimore; the Haberman Manufacturing Co., Berlin Village, L. I., and Brooklyn, N. Y.; American Stamping Co., Brooklyn, N. Y.; Eastern Tinware Co., Portland, Conn.; Stewart Enamel Co., Bellaire, O.; Keene & Hagerty Manufacturing Co., Baltimore; H. Haller Manufacturing Co., Limited, New Orleans. The company also acquired the rolling mills of the St. Louis Stamping Co. and its tin plate mills. In 1903, purchased the Whitaker & Weber Manufacturing Co., St. Louis, and in 1904, the National Manufacturing Co., New Orleans.

Stock..Par $100...Authorized { com., $20,000,000 / pref., 10,000,000 } Issued { com., $15,591,800 / pref., 8,546,600 } $24,138,400

The preferred stock is 7 per cent., cumulative. Transfer agencies, New Jersey Corporation's Agency, Jersey City; office of the company, New York. Registrar, Trust Company of America, New York.

The first quarterly dividend of 1¾ per cent. on the preferred stock was paid March 31, 1899, and regular quarterly dividends at the same rate have since been paid, the dividend periods on the preferred now being January (1), April, July and October. In December, 1904, dividends on the preferred for nine months were declared at the rate of 7 per cent. per annum, the same to be paid 1¾ per cent. each January 1, April 1 and July 1, 1905. The declaration for nine in place of twelve months was in order to make the company's dividend year coincide with its fiscal year. In August, 1905, 7 per cent. was declared on the preferred, payable 1¾ per cent. each October 1, 1905, and January 1, April 1 and July 1, 1906, and similar quarterly payments have since been paid to 1910, inclusive.

The first dividend on the common was 4 per cent., declared in 1901, out of earnings of that year and payable in four quarterly instalments of 1 per cent. each, beginning January 1, 1902. Dividends at the same rate were thereafter paid regularly on the common stock in January (1), April, July and October, until October, 1904, inclusive. In December, 1904, dividends for nine months were declared on the common, to be paid, ½ per cent. each, in January, April and July, 1905, but no further dividends have been paid on the common since the last named date.

NEW YORK & QUEENS COUNTY RAILWAY CO.

(Controlled by Interborough Rapid Transit Co.)

A corporation formed under the laws of New York, June 26, 1896. The company is a consolidation of the following organizations:

Steinway Railway Co.
Newtown Railway Co.
Flushing & College Point Railway Co.
Riker Avenue Railway Co.
Long Island City & Newtown Railway Co.
Queens Railway Co.

The company controls the entire street railway system of Long Island City, N. Y., and also has a line to Flushing, N. Y. It has 40.24 miles of lines, comprising 74.47 miles of trolley track, with a power station at Astoria, L. I.

In 1904, control of this company was acquired by the Interborough Rapid Transit Co., which owns the entire capital stock. A tunnel was constructed under the East River to connect this company's lines with the New York Subway, at Forty-second street, Manhattan. This work was completed in 1908. Its operation was, however, delayed by dispute with the City regarding the validity of the franchises, and negotiations were instituted for the sale of the tunnel to the company, but without success. In March, 1910, the matter was still unsettled, and the tunnel not operated.

NEW YORK STATE RAILWAYS.

A corporation formed under the laws of New York, March 23, 1909, as a consolidation of the Rochester Railway Co., the Rochester & Eastern Rapid Railway Co. and the Rochester & Sodus Bay Railway Co. Road owned, 199.55 miles, comprising the electric railway service in the City of Rochester, N. Y., together with interurban lines to Sodus Bay, N.Y.; Geneva, N.Y.; and Canandagua, N. Y. The company was formed in pursuance of a plan to combine under one ownership the stocks of various electric railroads in New York which had been acquired by, or in the interest of, the New York Central & Hudson River Railroad Co., and which were vested in the Mohawk Valley Co. The latter reassigned these interests to the New York Central and they were conveyed to the present company after the consolidation. The properties thus controlled comprise the following:

	Miles
Utica & Mohawk Valley Railway Co	123.97
Syracuse Rapid Transit	87.35
Oneida Railway	113.22
Schenectady Railway	69.36

The Oneida Railway has trackage over the West Shore Railroad between Utica and Syracuse.

The Schenectady Railway's stock is owned ½ by this company and ½ by the Delaware & Hudson Co. The New York State Railways owns all the $7,000,000 stock of the Utica & Mohawk Valley Railway Co. It owns 96 per cent. of the $1,922,700 stock of the Oneida Railway Co. and 58 per cent. of the $2,317,500 stock of the Syracuse Rapid Transit Co. See separate statements of the latter and of the Schenectady Railway Co.

It is proposed to include the Rochester & Suburban Railway Co., the Rochester Electric Railway Co. and the Ontario Light & Traction Co. in the system, and application has been made for authority to acquire those companies.

The New York Central & Hudson River Railroad Co. holds $8,866,507 common and $4,498,050 2d preferred stock and $5,911,193 common is held by the Central Railway Syndicate, which is affiliated with the Railroad Co.

See statement of the Rochester Railway & Light Co., which formerly had control of the Rochester Railway Co., through ownership of the majority of its capital stock.

THE NIAGARA FALLS POWER CO.

A corporation formed under special acts of the State of New York in 1886, and having authority by later statutes to use the water of Niagara River, and to transmit any power, heat or light developed from such water to any point in the State. Its hydraulic works include 7,481 feet of tunnel, extending from its power-house to the level of the river below the Falls, and two plants with an aggregate capacity of about 105,000 electrical horse-power, in addition to a plant on the Canadian side with 50,000 horse-power which is to be increased to 110,000 horse-power, and 12,500 horse-power of this was in process of installation in March, 1910. The American and Canadian plants are inter-connected. The Canadian plant was constructed by The Canadian Niagara Power Co., the stock control of which is held by this company.

The company owns approximately, 1,100 acres of land in the city of Niagara Falls, N. Y., devoted to sites for factories using its power. Power is supplied to tenants of the company on its land and in the city of Niagara Falls and to customers in Niagara Falls, Buffalo, the Tonawandas and Lockport, N. Y.

Commercial service from the first two units installed in the American plant was begun in August, 1895. Approximately 130,000 electrical horse-power and 8,000 hydraulic horse-power is now being supplied to upwards of three hundred power users, at distances varying from one-quarter of a mile to thirty-five miles, at Niagara Falls, N. Y.; Niagara Falls, Canada; Buffalo, North Tonawanda and Tonawanda.

The company owns a majority of the stock of the Cataract Power & Conduit Co., its Buffalo distributing agency in the Tonawandas, and it owns all the shares of the Niagara Junction Railway Co., a terminal switching railroad at Niagara Falls, N. Y., and of the Niagara Development Co., which has built and owns a residential section in Niagara Falls, N. Y.

Stock.....Par $100.....Authorized, $10,500,000..... Issued, $4,197,500

The initial dividend on the stock was 2 per cent., paid April 25, 1910.

NILES-BEMENT-POND CO.

A corporation organized under the laws of New Jersey, August 11, 1899. The company was formed to combine the business of the following manufacturers of machinery and machine tools:

Niles Tool Works Co., Hamilton, O.
Bement, Miles & Co., Philadelphia.
Pond Machine Tool Co., Plainfield, N. J.
Philadelphia Engineering Co., Philadelphia.

In January, 1901, the Pratt & Whitney Co., of Hartford, Conn., was acquired, and in 1904 the Milwaukee Machine Tool Co. In 1905, acquired control of John Bertram & Sons, Limited, Dundas, Ontario, and Pratt & Whitney Co., of Canada Limited and in 1906 bought the works of the Ridgway Machine Tool Co., Ridgway, Pa.

Stock...Par $100....Authorized { com., $8,500,000 / pref., 3,000,000 } Issued { com., $8,500,000 / pref., 2,000,000 } $10,500,000

The preferred stock is 6 per cent., cumulative, and is subject to call at 105 in 1911. Of the preferred, an amount of $1,000,000 is held to retire minority stock of the Niles Tool Works Co.

In November, 1906, the authorized common stock was increased from $5,000,000 to $8,500,000. Of the increase $2,000,000 was distributed as a stock dividend on the common shares and $1,500,000 was sold at par in January, 1907.

Transfer Agent, Corporation Trust Co., Jersey City. Registrar, Colonial Trust Co., New York.

The first dividend paid on the preferred stock was 1½ per cent., quarterly, November 29, 1899. Dividends at the same rate have since been regularly paid on the preferred, quarterly, February, May, August and November. The first dividend on the common was declared in August, 1900, and was 3 per cent. half-yearly, payable in two instalments of 1½ per cent. each on September 20 and December 20, 1900. In 1901, 6 per cent. was paid on the common in quarterly payments of 1½ per cent. each in March, June, September and December. In addition to the regular dividend of 1½ per cent. on the common in March, 1902, the company declared an extra 1 per cent. dividend, payable May 15, 1902. The September, 1902, dividend on the common

was 2 per cent., or 8 per cent. per annum, which continued to be the regular quarterly rate until June, 1904, inclusive. The September, 1904, dividend was, however, reduced to 1¾ per cent., which has since been the regular rate. On January 2, 1907, the common received a stock dividend of 40 per cent.

There is outstanding $1,225,000 preferred stock of the Pratt & Whitney Co., on which this company guarantees dividends of 6 per cent. per annum, payable quarterly, February, but reserves the right to call the same at par in 1911. In December, 1909, it was decided to retire the original Pratt & Whitney preferred, retirable on January 1, 1911, and to issue $2,000,000 of new preferred. The preferred stock of the Niles Tool Works is $1,000,000, not guaranteed, but 6 per cent. is paid thereon, the dividend being quarterly, March. The Ridgway Machine Co., has $450,000, 6 per cent. preferred, on which dividends are guaranteed, and $126,000 of 5 per cent. bonds.

NORTH AMERICAN CO.

A corporation formed under the laws of New Jersey, June 14, 1890. The company was organized to succeed the Oregon & Transcontinental Co. and purchased the securities owned by the latter.

The company is largely interested in street railway, gas and electric enterprises, controlling the Milwaukee Light, Heat and Traction Co., the Milwaukee Electric Railway & Light Co., the Union Electric Light & Power Co. of St. Louis, St. Louis County Gas Co., and the United Railways of St. Louis and the West Kentucky Coal Co. The company had an interest in the Laclede Gas Co. of St. Louis, but sold same in July, 1909.

Stock.....Par $100..... Authorized, $30,000,000.....Issued, $29,793,300

On January 23, 1901, the stockholders ratified a reduction of the stock from $50,000,000 authorized to $12,000,000. The amount of old stock outstanding was $39,789,200, which was reduced to the amount given above.

In March, 1903, the stock was increased from $12,000,000 to $17,000,000, the stockholders subscribing at par for the same. The purpose of the increase was to acquire control of the Laclede Gas Co.

In February, 1905, the company acquired the minority interests in the Laclede Gas Co. and the Union Electric Light, Heat & Power Co. of St. Louis, for which purpose an increase in the amount of authorized stock from $17,000,000 to $30,000,000 was made, the stockholders subscribing at par for $5,100,000 of new stock.

The West Kentucky Coal Co. was acquired in May, 1905. That company owns about 22,000 acres of coal lands and has an issue of $5,000,000 5 per cent. bonds of which $1,994,000 are outstanding. In 1905, also acquired a majority of the stock of the United Railways of St. Louis. In August, 1906, the St. Louis and Suburban Railway Co. was purchased. In 1907, the company sold its holdings of stock of the Milwaukee Electric Railway and Light Co. to the Milwaukee Light, Heat & Traction Co., receiving that company's stock and bonds in payment therefor.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

The company began the payment of dividends on its stock on March 1, 1903, paying 1 per cent. quarterly, or 4 per cent. per annum, the rate being increased to 1¼ per cent., or 5 per cent. per annum, March 1, 1904, which was thereafter the regular rate, the dividend periods being March (1), June, September and December. The December, 1907, dividend was, however, passed and none were paid until 1¼ per cent. in April, 1909, which has since been the regular quarterly rate in January, April, July and October.

PACIFIC GAS & ELECTRIC CO.

CALIFORNIA GAS & ELECTRIC CORPORATION

SAN FRANCISCO GAS & ELECTRIC CO.

A corporation formed under the laws of California, October 11, 1905. The company was organized as a holding concern to combine the California Gas & Electric Corporation and the San Francisco Gas & Electric Co. It owns all of the capital stock of the former and 98 per cent. of the latter company. It owns the California Central Gas & Electric Co., the Fresno Gas & Electric Co. and the Vallejo Gas Co. It also controls the South Yuba Water Co. See separate statement of the California Gas & Electric Corporation below.

In 1908, the company had in service in San Francisco, 637 miles of mains.

Stock...Par $100...Authorized { com., $20,000,000 / pref., 10,000,000 } Issued { com., $19,222,500 / pref., 10,000,000 } $29,222,500

The preferred stock is 6 per cent., cumulative. Stock is transferred by the Secretary of the company, San Francisco. Transfer Agent, Mercantile Trust Co. of San Francisco.

A dividend of 1½ per cent. was paid on the preferred stock April 15, 1906. Further dividends were suspended and in August, 1909, the preferred stock received $5,000,000 in common stock in lieu of the 20 per cent. of accumulated back dividends. In November, 1909, a cash dividend of 1½ per cent. was paid and in February, 1910, 1½ per cent. was also paid.

The operations of the company extend into 24 counties, comprising an area of approximately 225 miles in one direction and 125 miles in the other, or 31,489 square miles; territory containing 1,350,000 people, or over 60 per cent. of the population of California. One hundred and fifty-nine towns and lesser communities are served.

The companies' hydraulic generating stations and steam and gas generating stations have a capacity of 154,000 horse power; with 150,000 horse power additional available. The transmission lines are over 1,408 miles in length, and 31 reservoirs, with a storage capacity of approximately 25,000,000,000 gallons of water.

The gas business is also extensive, there being in service at the present time (including San Francisco) 132,000 gas meters and 115,000 light and power consumers, with a distributing system covering 1,400 miles of mains.

The company owns the entire street railway system of Sacramento, Cal., 29 miles, and owns and controls water rights, electric power and light transmission lines, and gas plants and mains for Sacramento and adjoining places, supplying 31 cities and towns.

Cal. Central Gas & Elec. Co., 5 per cent., due August, 1931, Feb. and Aug.	1,000,000
Total	$34,748,000

The total amount of the general and collateral trust mortgage of the California Gas & Electric Corporation is $10,000,000, and it is secured by practically all the shares of the constituent companies as collateral. Of the total mortgage $2,450,000 is reserved for acquisitions and betterments. The bonds are subject to call on any interest day at 110 and interest. A sinking fund is provided as follows: March 1, 1904 to 1908, $150,000 per annum; 1909 to 1913, $200,000 per annum; 1914 to 1918, $250,000 per annum; 1919 to 1923, $300,000 per annum; 1924 to 1928, $350,000 per annum; 1929 to 1933, $400,000 per annum. The sinking fund will also provide for the sinking funds of the constituent companies and for the redemption of their bonds. The bonds redeemed will be kept alive and bear interest, except where their cancellation has been expressly provided for. Trustee of the mortgage and agent for the payment of interest, Mercantile Trust Co., San Francisco.

In 1907, a new unifying and refunding 5 per cent. mortgage was authorized, the total amount thereof being $45,000,000, due November, 1937, is a lien upon all the property and franchises of the California Gas & Electric Corporation now owned or hereafter acquired. It is also a lien through a supplementary mortgage to be executed by the Pacific Gas & Electric Co., prior to any other mortgage of the Pacific Gas & Electric Co., upon all the properties of that company except the stock of the San Francisco Gas & Electric Co., but includes the properties of the California Central Gas & Electric Co., Fresno Gas & Electric Lighting Co., and the Vallejo Gas Co., subject, however, to underlying mortgage of the California Central Co. $30,282,000 par value of the new bonds are reserved to retire prior liens. Balance will be issued in carefully restricted amounts for refunding floating debt and for 85 per cent. of new improvements, betterments, etc. The bonds will be callable at 110 and interest upon any interest date after November 1, 1912, upon 60 days' notice.

The mortgage provides that a sinking fund be created and maintained as follows: 1912 to 1916 inclusive, $450,000 per annum; 1917 to 1921 inclusive, $550,000 per annum; 1922 to 1926 inclusive, $700,000 per annum; 1927 to 1936 inclusive, $900,000 per annum. This sinking fund will be applied as far as necessary toward making the sinking fund payments required by underlying mortgages and the balance to purchase for the sinking fund of the bonds issued under the new mortgage.

The total amount of the 1st mortgage of the Sacramento Electric, Gas & Railway Co. is $2,500,000, of which amount $265,000 are for Central Electric Railway bonds. Bonds may be retired as follows: 1902 to 1906, $5,000 per annum; 1907 to 1911, $10,000 per annum; 1912 to 1916, $20,000 per annum; 1917 to 1921, $30,000 per annum; 1922 to 1926, $40,000 per annum. Trustee and agent for the payment of interest, Mercantile Trust Co. of San Francisco. Interest is also payable by the Guaranty Trust Co., New York.

The 1st mortgage of the Central Electric Railway is for $265,000. Trustee and agent for the payment of interest, Mercantile Trust Co. of San Francisco. Interest is also payable by the Union Trust Co., New York. The 2d mortgage bonds of the Bay Counties Power Co. are subject to call at any time at 105.

The total amount of the 1st mortgage of the Valley Counties Power Co. is $2,500,000. A sinking fund, beginning in 1905 with 1 per cent. of the outstanding bonds and increasing to 3 per cent. in 1925 and thereafter, is provided. Trustee, Mercantile Trust Co. of San Francisco.

PENNSYLVANIA STEEL CO.

A corporation formed under the laws of New Jersey, April 29, 1901. The company acquired and owns the stock of the following companies:

The Pennsylvania Steel Co., of Pennsylvania.
Maryland Steel Co.
The Spanish-American Iron Co.
Baltimore & Sparrow's Point Railroad Co.
Penn-Mary Coal Co., Indiana County, Pa.

The plant consists of large works at Steelton, Pa., for the manufacture of steel rails, railway material, structural work, railroad crossings and special work, and that of the Maryland Steel Co., at Sparrow's Point, Md., where rails are manufactured in large quantities, and which also operates a modern shipyard and the Baltimore & Sparrow's Point Railroad, a terminal road. In April, 1901, the company acquired the stock of the Spanish-American Iron Co.; it also owns the Lebanon Blast Furnace, Lebanon, Pa., has a controlling interest in the Cornwall Ore Banks Co. of Lebanon, Pa., and increased its holdings in 1909. It also controls the Cornwall & Lebanon Railroad Co.

The control of this company was acquired in June, 1901, by the Pennsylvania Railroad Co., in conjunction with the Reading Company. This transaction involved the acquisition of $10,000,000 each of common and preferred stock.

Stock..Par $100..Authorized { com., $25,000,000 / pref., 25,000,000 } Issued { com., $10,750,000 / pref., 16,500,000 } $27,250,000

The preferred stock is 7 per cent., non-cumulative. Stock is transferred at the office of the company, Philadelphia. Registrar, Girard Trust Co., Philadelphia.

The stock of the old company consisted of $5,000,000 of common and $1,500,000 of 7 per cent. preferred stock. Under the plan of reorganization a syndicate took $10,000,000 of new common and $10,000,000 of new preferred and furnished $9,000,000 in cash.

The company paid 1¾ per cent. on the old preferred stock in October, 1899, and paid dividends at the same rate regularly in January, April, July and October.

The payment of dividends on the new preferred stock began November 1, 1901, with a half-yearly dividend of 3½ per cent., which has since been the regular rate, the dividends being paid in May (1) and November.

PEOPLE'S GAS LIGHT & COKE CO.

A corporation formed under a special charter granted by the Legislature of Illinois, February 12, 1855, and amended February 7, 1865. It was one of the companies whose stock was owned by the Chicago Gas Trust Co. In July, 1897, an act was passed by the Illinois Legislature allowing the consolidation of all the properties with this company. In addition to the companies, which were owned by the old organization, this company, in November, 1897, purchased the property of the Mutual Fuel Gas Co. The Mutual and the Hyde Park companies were consolidated with this company in January, 1898. In January, 1899, the company acquired the Calumet Gas Co., operating in South Chicago. In October, 1900, a contract was made by which the property of the Ogden Gas Co. will be purchased by this company when its franchise expires in 1945. In February, 1907, the stockholders of the company

ratified a proposition to lease the Ogden Gas Co. A lease of the Universal Gas Co. was also authorized. The Northwestern Gas Light & Coke Co. is controlled by interests identified with this company. In 1906, entered into arrangements with the Indiana Natural Gas & Oil Co. by which it obtained an increased supply of natural gas and as part of the arrangement agreed to guarantee the stock and bonds of that company.

On December 31, 1909, the company had 2,484 miles of mains, 496,615 meters in service, 269,080 gas stoves, 21,090 public lamps and 84,335 gas arc lamps.

Capital stock..... Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

In November, 1898, stock was increased from $25,000,000 to $30,000,000 and $3,750,000 offered to stockholders for subscription at par. In September, 1901, there was a further increase to $35,000,000, and $4,300,300 was taken by the stockholders at par. In February, 1909, $2,030,000 stock was offered to stockholders of record at par.

Transfer Agent, Lawyers' Title Insurance & Trust Co., New York.

See the Manual for 1906 for details of the consolidation effected in 1897.

The consolidated company paid its first dividend November 24, 1897, and thereafter paid dividends at the rate of 6 per cent. per annum, the quarterly payments being 1½ per cent. each in February (25), May, August and November. In January, 1906, the dividend payable February 25, 1906, was reduced to 1¼ per cent., putting the stock on a 5 per cent. basis, but the February, 1906, dividend was increased to 1½ per cent., restoring the stock to a 6 per cent. dividend basis. In May, 1909, the quarterly rate was 1¾ per cent., thus putting the stock on a 7 per cent. basis.

PHELPS, DODGE & CO.

A corporation formed under the laws of New York, December 11, 1908. The company was organized to combine the copper mining interests controlled by the firm of Phelps, Dodge & Co. of New York. It has power to conduct mining operations of all kinds, to purchase, hold and sell mines, town sites, power, water and other properties, to mine and treat metals and minerals of all descriptions.

The company acquired, under a proposal made December 10, 1908, to their stockholders, all the stocks (except shares to qualify the directors) of the following companies:

Copper Queen Consolidated Mining Co. — Moctezuma Copper Co.
The Detroit Copper Mining Co. of Arizona. — Stag Cannon Fuel Co.

The mines of the Copper Queen Consolidated Mining Co. are located near Bebee, Arizona. Those of the Moctezuma Copper Co. are in the State of Sonora, Mexico. Those of the Detroit Copper Mining Co. of Arizona are in the Clifton Mining District, Arizona. The Stag Cannon Fuel Co. owns 11,000 acres of coal lands, and it also owns and controls the Dawson Fuel Co. which has 23,000 acres of coal lands and has coal rights on 17,500 acres additional. In 1909, the company acquired an interest in the Greene Cananea Copper Co.

Stock.....Par $100.....Authorized, $50,000,000.....Issued, $44,989,605

Of the authorized stock $5,000,000 is reserved for future requirements.

In 1909, the company paid four quarterly dividends of 2½ per cent. and an extra 2 per cent. paid December (31), making 12 per cent. for the year.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

Neither Phelps, Dodge & Co. nor its Copper Mining Co. have any bonded indebtedness. The Dawson Fuel Co. has $1,000,000 5 per cent. bonds, due July, 1951, which were pledged as collateral for two mortgages on portions of the El Paso & Northeastern Co., formerly the New Mexico Railway & Coal Co., and from the Dawson Railway & Coal Co. The equity in the stocks and bonds of the Dawson Fuel Co. was acquired by the Stag Cannon Fuel Co.

The following gives the amount of stock outstanding of each of the subsidiary companies of Phelps, Dodge & Co., their copper production in 1908, gross and net earnings for 1908, and the amount of the dividends paid on the respective stocks in 1908:

PHILADELPHIA COMPANY

A corporation formed under the laws of Pennsylvania, May 24, 1884. It originally operated as a natural gas company. In January, 1899, control was acquired in the interest of a general consolidation of lighting and traction organizations in Allegheny County, Pa., and its environs. The object was to bring under one organization the natural and illuminating gas interests of this company, together with the traction and electric light and power business of Pittsburg and the

surrounding district. See the MANUAL for 1902 for a detailed account of the various consolidations and acquisitions.

The company is controlled by the United Railways Investment Co. See below.

The company owns or controls by lease the following street railway properties:

Pittsburg Railways Co.
The United Traction Co.
Monongahela Street Railway Co.
Suburban Rapid Transit Street Railway Co.
Washington & Canonsburg Railway Co.
Allegheny, Bellevue & Perrysville Railway Co.
Pittsburg & Castle Shannon Railroad Co.
Consolidated Traction Co.
Pittsburg & Birmingham Traction Co.
Pittsburg & Charleroi Street Railway Co.
East McKeesport Street Railway Co.
The Beaver Valley Traction Co.
Mount Washington Street Railway Co.
Pittsburg & Beaver Street Railway Co.

It also owns or controls by lease the following electric and lighting companies:

Allegheny County Light Co.
Southern Heat, Light & Power Co.
South Side Gas Co.
Monongahela Light & Power Co.
Consolidated Gas Co.
Allegheny Illuminating Co.
Ohio Valley Electric Co.
Braddock Gas & Light Co.

Through its own lines and those of a number of companies controlled it supplies nearly all the natural gas consumed in Pittsburg and Allegheny and the adjacent towns. The principal fuel gas concerns included in the system are:

Philadelphia Co.
Equitable Gas Co.
Union Gas Co. of McKeesport.
Fairmont & Grafton Gas Co.
Chartiers Valley Gas Co.
Pennsylvania Natural Gas Co.
Allegheny Heating Co.

The total mileage of the street railways owned and controlled is 596.5 miles. Statements of the separate traction companies will be found under their own titles in this edition of the MANUAL. For convenience and economy they are all operated, under agreement, by the Pittsburg Railways Co., one of the constituent concerns. The Beaver Valley Traction Co., 35 miles, was acquired in July, 1905, and with the Pittsburg & Beaver Street Railway, 15 miles, is operated separately.

The electric and illuminating gas properties are the only ones supplying the cities of Pittsburg and Allegheny with such facilities. They are operated by the Allegheny County Light Co. and the Consolidated Gas Co. of the City of Pittsburg.

In connection with its natural gas business the company leases 557,503 acres of gas lands in Pennsylvania and West Virginia.

In February, 1906, a plan was formulated for the acquisition of control of this company by the United Railways Investment Co. A proposition was submitted to this company's common stockholders to sell 16-30 of their holdings to the United Railways Investment Co., receiving for each $50 share $37.50 in collateral trust bonds secured by the stock acquired and either $20 in stock of the United Railways Investment Co. or $10 in cash. Under this arrangement $21,000,000 of the common stock was acquired. In April, 1907, $3,200,000 additional of the stock was acquired. See statement of the United Railways Investment Co.

The preferred stock is 5 per cent., non-cumulative. In December, 1901, the authorized common stock was increased from $15,000,000 to $30,000,000. This company issued $10,600,000 new common in exchange for the stocks of the Consolidated Traction Co. and the other companies acquired at that time, and also issued for the same purpose $1,800,000 of the preferred stock held in the treasury. In 1906, the authorized common stock was increased to $36,000,000, and in September, 1906, $3,240,000 of common was allotted to shareholders at par. The authorized common was further increased to $41,000,000, in 1909, to provide for the conversion of the debentures. In December, 1909, stockholders and holders of the convertible debentures had the right to subscribe to the extent of 6½ per cent. of holdings for $2,760,000 new common at par.

Transfer Agents, Union Trust Co., Pittsburg; Central Trust Co., New York; Guaranty Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Land Title & Trust Co., Philadelphia.

Full 5 per cent. dividends on the preferred stock have been paid since the consolidation. On the preferred the dividends are 2½ per cent. half-yearly, in March (1) and September. The common stock received 4¾ per cent. in 1899, 5 per cent. in 1900, 5¾ per cent. in 1901, and 6 per cent. in 1902, to 1908 inclusive. On the common the dividends of 6 per cent. per annum are now paid quarterly 1½ per cent. each in February (1), May, August and November.

The funded debt of the different constituent street railway properties are given under their own statements.

There is outstanding $2,000,000 4 per cent. preferred stock of the Consolidated Gas Co. and $3,000,000 5 per cent. preferred stock of the United Traction Co. on which the regular dividends are paid.

The 1st mortgage 5 per cent. bonds were authorized in February, 1899, for the purpose of carrying out the consolidation. Trustee of the mortgage, Maryland Trust Co., Baltimore. Amount authorized is $6,500,000. Of these $1,000,000 are reserved to retire outstanding liens on the property of the Allegheny County Light Co. Bonds are secured by deposit of the securities of constituent companies with the trustee. An amount of $4,000,000 of the bonds was offered for subscription in February, 1899, at 107½ by Brown Bros. & Co., New York, and Alexander Brown & Sons, Baltimore. The 50-year collateral trust was created in 1901 to provide for the acquisition of the Consolidated Traction Co. and other properties. The authorized amount of these bonds is $22,000,000, of which $12,000,000 was to be issued in exchange for the Consolidated Traction securities, $6,500,000 was reserved to take up prior lien bonds, and $3,500,000 was available for extensions and betterments.

The 6 per cent. collateral trust notes of 1908, mature serially each June and December, from June, 1909, to December, 1918.

In July, 1909, $5,000,000 convertible 5 per cent. debentures were authorized, subject to call at 102½ and interest and convertible into common stock at par. Trustee and agent for the payment of interest, New York Trust Co., New York.

PHILADELPHIA ELECTRIC CO.

A corporation formed under the laws of New Jersey, October 6, 1899. The company acquired the stock of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., with the control of practically the entire electric light and power facilities in the City of Philadelphia.

The Pennsylvania Manufacturing Light & Power Co. was a New Jersey corporation formed in 1898, which acquired control of the Pennsylvania Heat, Light & Power Co., a corporation which had acquired the Edison Electric Light Co. of Philadelphia, the Brush Electric Light Co. of Philadelphia, the United States Electric Light Co. and the Philadelphia Electric Lighting Co. The Pennsylvania Manufacturing Co. and the Heat, Light & Power Co. also acquired a number of smaller electric companies in Philadelphia and its suburbs. See statement of Pennsylvania Manufacturing Co. in the MANUAL for 1899. In 1901, acquired the Kensington Electric Light Co., paying for the same in cash. The company also controls the Electric Light Co. of Chester, Pa.

Stock.....Par $25.....Authorized, $25,000,000.....Issued, $24,987,750

An instalment of 10 per cent., or $2.50 per share, was paid on the stock of the Philadelphia Electric Co. at time of issue, and a call of 10 per cent. was made in 1900, payable 5 per cent. on November 21, 1900, and 5 per cent. on January 21, 1901, respectively. In January, 1902, a call of $2.50 per share was made, payable one-half March 1 and one-half September 1, 1902. Another call of $2.50 per share was made in April, 1904, payable one-half June 1 and one-half December 1, 1904, respectively. This call made the stock 40 per cent., paid in. In January, 1908, a call of $3.50 per share was made, payable $2.25 on March 2, and $1.25 on June 1, 1907, making the stock $13.50 per share paid in, or 54 per cent. paid.

The stock of the Pennsylvania Manufacturing Co. was $15,000,000, par $50, on which $5 per share had been paid in. The stock of the National Electric Co. was $4,375,000.

Stock is transferred at the office of the company, Philadelphia. Registrar, Equitable Trust Co., Philadelphia.

In June, 1902, a dividend of 15 cents per share was paid, and another of 18¾ cents per share in December, 1902; 18¾ cents per share was also paid in June and December, 1903, and June, 1904. In December, 1904, 21⅞ cents per share was paid. In 1905, 1906 and 1907, the dividends were 5 per cent. on the amount paid in, the payments being in June and December. In January, 1908, a dividend of $1 per share was declared payable March 2, 1908, which dividend could be applied to call made at the same time. On December 15, 1908, and June 15, 1909, paid 3 per cent. In September and December, 1909, and March 15, 1910, paid 1½ per cent. quarterly. The March, 1910, cash dividend was accompanied by a stock dividend of 1½ per cent.

FUNDED DEBT

Edison Electric Light, col. trust cert., 5 per cent., subject to call 1946, April and Oct.	$1,994,300
Pennsylvania H. L. & P. col. trust certificates, 5 per cent., due 1948, April and Oct.	11,268,060
Philadelphia Electric Trust certificates, 4 per cent., due Oct., 1949, Jan. and July....	15,014,142
Total.....	$28,276,502

The Philadelphia Electric Co. 4 per cent. trust certificates are $17,500,000 authorized, of which $15,014,142 were issued, $2,000,000 being held in the company's treasury, having been purchased in the market in 1900. They are secured by the deposit of the shares of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., acquired by this company. Each share of Pennsylvania Manufacturing Co. stock deposited received $35 in the trust certificates and each share of National Electric received $13 in certificates. Only a small amount of each stock now remains outstanding. The balance of the issue, not required for the above purpose, was to be reserved for extension and acquisition of other electric properties.

The Edison collateral trust certificates were issued in 1896 by the Pennsylvania Heat, Light & Power Co., and are secured by the deposit of the stock of the Edison Electric Light Co. of

Philadelphia, acquired by the Pennsylvania Heat, Light & Power Co. The Edison company had $2,000,000 stock, and $50 cash and $100 in trust certificates was offered for each $100 share. Nearly all the Edison stockholders accepted these terms.

The Pennsylvania Manufacturing collateral trust certificates, created in 1898, are secured by a deposit of stock of the Pennsylvania Heat, Light & Power Co. and other stocks. The Pennsylvania Heat, Light& Power Co. had $5,000,000 full-paid common stock, par $50, and $5,000,000 6 per cent., cumulative, preferred stock, par $50, on which $35 per share had been paid. The Pennsylvania Manufacturing Light & Power Co. acquired control by exchanging the collateral trust certificates for Pennsylvania Heat, Light & Power stock at the rate of $66 per share for the preferred and $24 per share for the common.

PHILADELPHIA RAPID TRANSIT CO.

A corporation formed under the laws of Pennsylvania, May 1, 1902. The company acquired by lease the Union Traction Railway system, comprising the lines of the Philadelphia Traction Co., the Electric Traction Co. and the Peoples' Traction Co. See statement of the Union Traction Co. It also acquired the capital stock and franchises of various companies, a list being given in the MANUAL for 1909.

A number of companies originally acquired have been consolidated with the Market Street Elevated Passenger Railway Co. Other of additional companies have been formed in the interest of this company to build new lines of about 119 miles. In March, 1906, the company negotiated a new arrangement with the City, whereby it surrendered certain franchises and agreed to complete the construction of various subways within three years.

The company has a subway and elevated railway in Market street, Philadelphia. The subway extends from Second street to Twenty-third street, and the elevated structure from Twenty-third street over the Schuylkill River to Sixty-ninth street, also elevated structure on Delaware avenue from Arch street to South street.

On July, 1907, an agreement authorized by an ordinance of the City Council was made between the company and the City of Philadelphia providing for a readjustment of the relations between the City and company. The plan confers upon the City the right to purchase after June 30, 1957, all leases, franchises and property of the company at the company's actually paid-in capital, with the right to assign or sell this option. A sinking fund is to be established, to be taken out of the gross receipts of the company, which, calculated at 4 per cent., will amount to at least $30,000,000 at the expiration of 50 years, to enable the City to acquire the property at that time. Beginning January 1, 1907, the City is to share equally in the net profits after stockholders have received 6 per cent. per annum, cumulative from January 1, 1907, on the capital actually invested by them. All franchises for further surface, elevated or underground railroads within the City are to be first offered the Philadelphia Rapid Transit Co. The City is also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. It also provided for a fixed payment to the City in lieu of the license fee per car.

Stock.....Par $50.....Authorized, $30,000,000.....Issued, $30,000,000

The stock is now full paid. It was, when originally issued, $5 per share paid. In May, 1903, a call was made for a second instalment of $5, payable on or before July 6, 1903. The call was made to provide funds for the construction of the Market Street subway and other improvements. In December, 1903, a call was made for a third instalment of $5 per share, payable January 20, 1904. The fourth instalment of $5 per share was payable January 20, 1905, the fifth of $5 July 10, 1906, the sixth, of $5, December 10, 1906, stock $30 per share or 60 per cent. paid in.

In February, 1907, a plan was ratified whereby the balance due on the stock should be called and paid in at the rate of $3,000,000 every six months and the money applied to improvements and extensions. A payment of $5 was called for in March, 1907, making the stock $35 per share paid, and two further final payments of $7.50 each were called for September 9, 1907, and September 8, 1908, respectively, completing the payments.

Stock is transferred at the office of the company, Philadelphia, and by the Central Trust Co., New York. Registrars, Land Title & Trust Co., Philadelphia; Guaranty Trust Co., New York.

THE PILLSBURY-WASHBURN FLOUR MILLS CO., LIMITED

A corporation formed in 1889 under the laws of Great Britain, Companies Acts, 1862–1889. The company owns five of the largest flour mills in the world at Minneapolis, Minn., with an aggregate capacity of 30,000 barrels per day. It owns, in addition, the water power on both sides of the Mississippi River at Minneapolis, with two dams of 45 feet and 20 feet head, respectively. The former furnishes power for the company's mills and other mills located in the city, and the other supplies the street railways of Minneapolis and St. Paul with about 10,000 horse-power for generating electricity. A lease of the dam has been made to the Minneapolis General Electric Co. The company owns the entire capital stock of the Minneapolis & Northern Elevator Co. In 1908, Receivers were appointed. A creditors committee, Chairman, Gilbert G. Thorne, New York, submitted on January, 1909, a plan of reorganization. It provided for an operating company—the Pillsbury Flour Mills Co.—with $2,000,000 cash capital to lease the plants for 20 years, paying the old indebtedness and a rental of $100,000 per annum, with one-half the yearly profits above $150,000. This plan was carried out and the Receiver discharged in September, 1909.

PITTSBURG COAL CO.

A corporation formed under the laws of New Jersey, September 1, 1899. The company acquired the mines and property of a number of the large producers and shippers by rail of steam and gas coal in the Pittsburg district. A list of the properties included in the company was given in the MANUAL for 1901.

Since its organization the company has purchased undeveloped coal lands adjoining its various properties, making its holdings over 191,000 acres owned and 9,135 acres leased, a total of 200,314 acres, with 150 operated mines.

The properties acquired and taken over comprised over 80,000 acres of coal land and over 7,000 acres of surface land in Allegheny, Fayette, Washington and Westmoreland Counties, Pa. It also has docks and loading plants on the lakes at Chicago, Cleveland, Duluth, Milwaukee, Sheboygan, Green Bay, Ashland, Manitowoc and West Superior, Wis.; Sault Ste. Marie and Escanaba, Mich.; Ashtabula, Fairport, Thornburg O., Amherstburg, Ont., Sandwich, Ont., and Port Arthur, Ont. It also acquired about eleven miles of railroad at the mines, and the Northwestern Coal Railway, Allouez Bay, Wis. The company owns 17 locomotives and 5,500 railroad cars.

In January, 1902, the company purchased the New Pittsburg Coal Co. and the Greendale Coal Co., and leased the Shaw Coal Co's property for forty years. In 1902, purchased the Pittsburg & Castle Shannon Railroad and mines and acquired an interest in the Milwaukee Western Fuel Co. In January, 1903, the Midland Coal Co. was acquired, together with the National Dock & Fuel Co. of Cleveland, and control of the Colonial Coke Co. In October, 1903, the Mansfield Coal & Coke Co. was acquired.

In September, 1903, this company obtained a controlling interest in the stocks of the Monongahela River Consolidated Coal & Coke Co., paying for the same $15 per share for the latter's common stock, par $50, and $45 for its preferred. This company acquired $15,000,000 of the Monongahela River Co.'s $20,000,000 of common, and $2,500,000 of its $10,000,000 of preferred stock.

In November, 1904, this company leased the coal mines of the Pittsburg Terminal Railroad & Coal Co.

The preferred stock is 7 per cent., non-cumulative, and has a priority as to the distribution of assets in case of a dissolution. Transfer Agent, Guaranty Trust Co., New York. Registrar, Central Trust Co., New York.

The company began paying regular quarterly dividends of 1¾ per cent. on the preferred stock in May, 1899, and has since paid the same regularly in February (25), May, August and November. The initial dividend on the common stock was 6 per cent. out of the surplus earnings of 1899, being paid 1½ per cent. each in February (25), May, August and November, 1900. In 1901, the quarterly dividends on the common were reduced to 1 per cent., or 4 per cent. for the year. In 1902, 4 per cent. was again paid on the common, but in January, 1903, the directors declared an extra dividend of 1 per cent. on the common out of the profits of 1902, to be paid in four quarterly instalments, in addition to the regular 1 per cent. quarterly dividends. This put the common on a 5 per cent. dividend basis during 1903. In 1904, the quarterly dividends on the common were 1 per cent. each in February, May and August, but the November, 1904, dividend was passed and none have been paid since.

The perpetual interest certificates are $20,200,000, authorized, and were issued in exchange for the stocks of the controlled companies on the terms stated below. They are secured by the deposit in trust of all the stocks purchased. It was provided that 1 per cent. should be paid in cash on the certificates at the time of their issue, and 1 per cent. at the end of the first year, making 2 per cent. for that year, the interest payments thereafter to be semi-annual. Interest is paid at the Fidelity Trust Co., Newark, N. J. The terms as to interest were that certificate holders shall receive payments per annum as follows:

First year, 2 per cent.; second year, 2 per cent.; third year, 2½ per cent.; fourth year, 3 per cent.; fifth year, 3½ per cent.; sixth year, 4 per cent.; seventh year, 4½ per cent.; eighth year, 5 per cent.; ninth year, 5½ per cent.; tenth year and after, 6 per cent. In January, 1905, $2,000,000 of the certificates were offered bearing the indorsement of the Fidelity Trust Co. of Newark, which provides for the payment by that company of an additional amount of interest up to May, 1912, sufficient to make the rate of interest on the indorsed certificates 6 per cent. per annum during that period.

See MANUAL for 1909 regarding the terms on which stocks of the controlled companies were exchanged for the certificates.

The general 5 per cent. mortgage was authorized in 1909, and is for $50,000,000. They can be redeemed at 105 and interest on any interest day beginning October 1, 1919. From August 1, 1913, there is a sinking fund of $209,500 per annum, the bonds to be drawn. Trustee and Agent for payment of interest, Fidelity Trust Co., Newark. Interest is also payable in New York.

In May, 1903, it was announced that arrangements had been concluded for the lease by this corporation for 900 years, from June 1, 1903, of the properties of the companies named in the following table. The outstanding stock of each company is given, together with the dividends as rental guaranteed thereon by the Public Service Corporation in successive years. Dividends guaranteed under the leases are payable semi-annually in June and December.

RICHELIEU & ONTARIO NAVIGATION CO.

A corporation formed under the laws of the Dominion of Canada. The company originated as a private enterprise in 1847 with its head office at St. Charles, P. Q. It subsequently removed its office to Montreal, and placed a line on the St. Lawrence, running between Montreal and Quebec. In 1857, the company was incorporated for the first time. It absorbed various local lines, assumed its present title in 1875, and in 1886 purchased the steamers of the St. Lawrence River Steam Navigation Co. The company controls the through lake and river passenger and freight business between Toronto, Montreal, Quebec and Chicoutimi, a distance of 800 miles.

Its through passenger business is divided into three main lines: 1st, from Toronto to Montreal, embracing Lake Ontario, the Thousand Isles and the Rapids of St. Lawrence; 2d, from Montreal to Quebec, embracing the river between those points; 3d, from Quebec to Tadousac, and the Saguenay River from Tadousac to Chicoutimi. Its local lines are eleven in number—from Montreal to Hamilton, Laprairie, St. Helen's Island, Longueuil, Boucherville, Contrecoeur, Chambly, Berthier, Pierreville, Three Rivers and St. Anne de Beaupre.

The company also owns and operates hotels at Murray Bay and Tadousac, P. Q.

SCRANTON RAILWAY CO.

A corporation formed under the laws of Pennsylvania, March 23, 1865, as the People's Street Railway Co. of Luzerne County. When the company adopted its present name the following companies were merged into it:

Scranton Passenger Railway Co.
Scranton Suburban Railway Co.
Dunmore Street Railway Co.
Valley Passenger Railway Co.

The company purchased the assets and assumed the liabilities of the Scranton Traction Co., and also acquired and operates under leases the following companies:

Scranton & Carbondale Traction Co.
Lackawanna Valley Traction Co.
Pittston & Scranton Street Railway Co.
Carbondale Railway Co.
Scranton & Pittston Traction Co.

The company owns and operates all the street railways in the City of Scranton, Pa., and operates under lease all the lines around the city, including lines to Pittston, Carbondale and other towns. The aggregate of the systems is 90.34 miles.

It owns the total issue of bonds of the Carbondale Railway Co., $300,000, and $60,000 bonds of the Scranton & Pittston Traction Co. It also owns all of the stock of the Scranton & Carbondale Traction Co., the Lackawanna Valley Traction Co., the Pittston & Scranton Street Railway Co., the Carbondale Railway Co., and nearly all of the Scranton & Pittston Traction Co.

The Scranton, Dunmore & Moosic Lake Railroad, 9 miles operated by steam, was purchased in this company's interest in 1910 and will be electrically equipped.

This company is controlled by The American Railways Co. of Philadelphia, which owns a majority of its stock, having purchased the same in December, 1905.

THIRD AVENUE RAILROAD CO.

A corporation chartered by the State of New York, October 8, 1853.

Road owned, 14 miles, double track. The installation of underground electric power on the company's main line on Third avenue, New York, was completed in 1899, replacing the cable system installed in 1894. In November, 1895, the company acquired control of the Forty-second Street, Manhattanville & St. Nicholas Avenue Railway Co., and leased the same. In 1897, acquired control of the Dry Dock, East Broadway & Battery Railroad Co., and in January, 1898, of the Union Railway Co. of New York. The Yonkers Railroad Co. and the Tarrytown, White Plains & Mamaroneck Railway are also controlled. Total controlled, 188 miles; total of system, 215 miles of track.

In March, 1900, control of the company was acquired by the Metropolitan Street Railway Co., and on April 13, 1900, the property was leased to that company for 999 years. For the first four years of lease the rental was to be interest and net revenue above the charges. For the next two years 5 per cent. on the company's stock, 6 per cent. for next four years, and 7 per cent. dividends thereafter. The dividends under the lease were paid quarterly, until the one due October 31, 1907, which was passed under order of the Court by the Receiver of the Metropolitan Street Railway Co.

On January 6, 1908, the company was placed in the hands of a Receiver on application of the trustee of the consolidated mortgage. Receiverships were subsequently ordered for certain of the subsidiary companies of the system. In March, 1908, free transfers between this company's lines and those of the Metropolitan Street Railway Co. were abolished. It was reported, but not officially confirmed, that the Metropolitan Street Railway Co. and the Metropolitan Securities Co. had disposed of their interests in Third Avenue stock in 1909.

A committee to represent the 4 per cent. consolidated mortgage bonds was formed: Chairman, James N. Wallace, New York. Secretary, Franklin L. Babcock, 54 Wall street, New York. Depositary, Central Trust Co., New York. Suit to foreclose the consolidated mortgage was instituted and a decree granted, the property of the company being sold at foreclosure sale on March 1, 1910, and was purchased for the above bondholders' committee for $26,000,000. See below in regard to plan of reorganization proposed by the committee.

The last dividend paid, prior to the lease, was 1¼ per cent. quarterly in November, 1899. A dividend of 1 per cent., payable February, 1900, was declared, but the payment was postponed

in consequence of the proceedings which ended in the receivership. The first dividend under the lease was 1¼ per cent. paid July 30, 1904.

FUNDED DEBT

1st mort., 5 per cent. gold, due July, 1937, Jan. and July	$5,000,000
Consolidated mort., 4 per cent., due Jan., 2000, Jan. and July	37,560,000
Total	$42,560,000

The January, 1908, coupons on the 1st mortgage bonds were not paid at maturity, but William A. Read & Co., New York, offered to buy the same. Subsequent coupons have been paid by the Receiver.

The consolidated mortgage, created in 1900, was for $50,000,000, of which $35,000,000 was intended to discharge the $23,000,000 of floating debt and provide for the completion of improvements, $13,443,000 was reserved to retire outstanding bonds of this and the leased companies, and $1,557,000 was reserved for extensions, etc. The bonds are guaranteed by the Metropolitan Street Railway. Trustee of the mortgage, Central Trust Co., New York, which in consequence of default in payment of the January, 1908, coupons, began a suit to foreclose the mortgage. Kuhn, Loeb & Co., New York, offered to purchase the January, 1908, coupons, but made no similar offer as regards the July, 1908, coupons.

In May, 1908, the Receiver was authorized to sell $2,500,000 Receiver's certificates ranking after the 1st mortgage, but having priority to the consolidated mortgage bonds.

The consolidated bondholders committee under date of December, 2, 1909, submitted a plan of reorganization to the Public Service Commission of the State of New York, First Division, for the approval of that body. Up to April 1, 1910, such approval had not been granted. The plan proposed the creation of a new company with $16,590,000 capital stock and $40,000,000 first refunding 50-year 4 per cent. bonds and $22,536,000 adjustment mortgage 5 per cent. income bonds. The plan contemplates leaving the $5,000,000 of old 1st mortgage 5 per cent. bonds undisturbed.

It is provided that stockholders on paying 45 per cent. upon the old stock are to receive 40 per cent. in new refunding 4s and 45 per cent. in new stock. Holders of the old consolidated 4 per cent. bonds were to receive 25 per cent. in refunding 4s, 60 per cent. in income 5s and 25 per cent. in stock, and holders of the consolidated 4s, which had been "stamped" were to receive 23 per cent. in refunding 4s, 60 per cent. in income 5s, and 25 per cent. in stock.

THE UNDERGROUND ELECTRIC RAILWAYS CO. OF LONDON, LIMITED

A corporation formed under the laws of Great Britain, April 9, 1902. The company controls an extensive system of traction lines in London and its vicinity, consisting of both underground and surface roads. It holds a controlling interest in the common stock of the Metropolitan District Railway Co., the original London underground line, and has installed electric power on the same. Through ownership of their stocks it controls the London United Tramways Co., which has an extensive system of surface lines connecting with the Metropolitan District Railway system at Hammersmith, and the Baker Street & Waterloo Railway Co., the Great Northern, Piccadilly & Brompton Railway Co. and the Charing Cross, Euston & Hampstead Railway Co. The three latter are deep, level underground or tube roads. The total length of the underground lines leased and controlled is 50½ miles. The London United Tramways (surface line), 51½ miles, is also controlled.

A committee to readjust the company's finances was formed in January, 1908, under the auspices of Speyer & Co., New York, and Speyer Brothers, London. This committee submitted a plan dated April 14, 1908, and the company was reorganized thereunder.

In January, 1910, authority was sought for an amalmagation of the three tube companies under the title of London Electric Railways, a bill to that effect being before Parliament in March, 1910.

UNION TRACTION CO.

(Leased to Philadelphia Rapid Transit Co.)

A corporation formed under the laws of Pennsylvania, September 6, 1895. The company is a consolidation of the Philadelphia Traction, Electric Traction and People's Traction Companies, and in 1898 acquired and leased the Hestonville, Mantua & Fairmount system, which gave it control of the street railways of Philadelphia. Road operated, 514 miles of track.

In March, 1902, a proposition was submitted to lease the properties of this company to the Philadelphia Rapid Transit Co. for 999 years, the lessee to guarantee $1.50 per share or 3 per cent. per annum on the stock for the first two years, 4 per cent. for the third and fourth years, 5 per cent. for the fifth and sixth years, and 6 per cent. for the remainder of the lease. The proposition was ratified, and lease began July 1, 1902. The stockholders of this company also had the right to subscribe for 150,000 shares of the Rapid Transit Co.'s stock. See statement of the latter company.

The Philadelphia Traction Co. was formed in 1883. It leased the Philadelphia City Passenger Railway, Philadelphia & Gray's Ferry, Union Passenger Railway, West Philadelphia Passenger Railway, Ridge Avenue Passenger Railway, Thirteenth & Fifteenth Streets, Philadelphia & Darby, Schuylkill River and the Continental Passenger Railway; and owned by a stock control the Empire, Seventeenth & Nineteenth Streets and some small connecting lines, comprising a system of about 210 miles.

The People's Traction Co., formed in 1893, leased the Germantown Passenger Railway, including the Fourth & Eighth Streets and Girard Avenue Railway Companies, and the Greene & Coates Streets Railway. It owned or controlled the People's Passenger Railway (Callowhill street line), the Philadelphia, Cheltenham & Jenkintown Passenger Railway, and other lines. Total mileage, 117 miles.

The Union Traction Co. purchased the stock of the People's Traction Co., $10,000,000, par $50, paid in $30, and of the Electric Traction Co., $50 par, full paid, $7,619,000, allotment stock, $30 per share, paid in, $1,131,000, total $8,750,000. It also leased the Philadelphia Traction Co. for 999 years at a net rental of 8 per cent., or $4 per share per annum, payable in gold, half-yearly, free of taxes.

The purchased stocks of the People's and Electric Traction Companies were paid for in 4 per cent. collateral trust certificates, not redeemable before October 1, 1945, secured by deposit of purchased stocks with Pennsylvania Company for Insurance on Lives, etc., trustee. The trust certificates are guaranteed, principal and interest, by the Union Traction Co., and are in denominations of $100 and $1,000. The price paid was $76 in said certificates for each share ($30 paid in) of People's Traction stock, $85 per share for each full paid share of Electric Traction, and $76 per share for the shares of the latter company, on which $30 per share had been paid in.

July 1, 1896, the People's Traction and Electric Traction were leased to this company for all charges, including interest on the 4 per cent. stock trust certificates.

Stockholders of the Philadelphia Electric and People's Traction Companies had the privilege of subscribing for the stock of Union Traction Co. to the extent of 77 per cent. of the number of shares held.

The People's Passenger Railway stock trust certificates were issued when practically all the stock of that company was purchased by the People's Traction Co., $75 per share, payable $5 in cash and $70 in trust certificates, being given for the $2,250,000 of People's Passenger Railway stock. The trust certificates are secured by the deposit with the Pennsylvania Company for Insurance on Lives and Granting Annuities, trustee, of 14 2-7 shares of the People's Passenger Railway shares for each $1,000 issued.

Earnings are included in those of the lessee, the Philadelphia Rapid Transit Co.

UNION TYPEWRITER CO.

A corporation formed under the laws of New York, May 25, 1909, succeeding a New Jersey company of the same name formed in 1893. The company owns the majority of the stock of several companies manufacturing and selling typewriter machines, including the Remington, Smith-Premier, Yost, New Century and Densmore typewriters and Seamans & Benedict.

Stock...Par $100...Authorized { com., $10,000,000; 1st pref., 4,000,000; 2d pref., 6,000,000 } Issued { com., $10,000,000; 1st pref., 4,000,000; 2d pref., 5,015,000 } $19,015,000

The 1st preferred stock is 7 per cent., cumulative; the 2d preferred 8 per cent., cumulative. Of the 2d preferred an amount of $1,000,000 remains in the company's treasury.

In 1904, the 2d preferred stock was increased $1,000,000, the additional stock being subscribed at par by all the stockholders on the basis of one new share for each 18 shares held.

Stock is transferred at 280 Broadway, New York. Registrar, Washington Trust Co., New York.

The dividends paid have been as follows: On the 1st preferred, in 1893, 3½ per cent., in 1894, and each year since, 7 per cent.; on the 2d preferred, in 1895, 6 per cent., in 1896, 6 per cent., in 1897, 8 per cent., in 1898, 8 per cent., in 1899, 8 per cent., in 1900, 8 per cent. and 8 per cent. extra, the latter being on account of past due dividends, which were thus reduced to 8 per cent. In 1901, 16 per cent. was paid on the 2d preferred, which completed the overdue dividends and 8 per cent. has been paid from 1902 to 1909, inclusive. The preferred dividends are paid half-yearly, April and October. The first dividend on the common stock was 3 per cent., paid April 1, 1902, and similar dividends were paid half yearly in April and October, the common stock being on a 6 per cent. basis. The April, 1908, dividend was, however, passed, and none have been paid since.

The report for 1909 gave net earnings for the year, $1,253,653; dividends, $728,000; surplus, $84,629.

UNITED BANK NOTE CORPORATION

A corporation formed under the laws of New York, February 20, 1906, to acquire the American Bank Note Co. and other properties. Under the plan for the acquisition of the American Bank Note Co., the latter's stockholders received one share of preferred stock and one share of common stock of the new corporation for each share of American Bank Note Co. stock deposited. Any portion of the new stock not taken under this offer might be disposed of at not less than par for the acquisition of stock or property of the American Bank Note Co., and for no other purpose. In addition there was offered to depositing stockholders, at the rate of $75 per share, one share of preferred accompanied by one share of common stock to provide working capital and investment fund, $400,000. This provides for an issue of $4,000,000 preferred and $4,000,000 common stock, leaving for other purposes $1,000,000 for each class of stock.

The American Bank Note Co. was a New York corporation, originally chartered in 1858 and reorganized in 1879. Its stock consisted of 72,000 shares which had no par value, though it was customary to consider them as being the equivalent of $50 each. For some years prior to 1906, the old company paid dividends of $3 per share per annum on its stock, the payments being 50 cents per share each in March and September and $1 per share each in June and December.

The property of the American Bank Note Co. consists of a large plant at New York for the engraving and printing of bank notes, bonds, stock certificates, etc. It also has branch establishments in Philadelpha, Boston and Ottawa, Canada. It was stated in the plan for the formation of the new company that one of its principal objects was to provide additional capital for the enlargement of the plants and also to extend the operations of the company in the United States and other countries. In 1907, a large building was erected by the American Bank Note Co., at Broad and Beaver streets, New York, and in 1909, began constructing a large working plant in the Borough of the Bronx, New York.

Stock..Par $50.....Authorized { com., pref., $5,000,000 } Issued { com., $4,496,737; pref., 4,496,737 } $8,993,474

The preferred stock is 6 per cent., cumulative. Stock is transferred at the office of the company, New York. Registrar, Bankers Trust Co., New York.

The first dividend on the preferred stock of the United Bank Note Corporation was 1½ per cent., quarterly paid July, 1906, and similar dividends have since been paid, the dividend periods being January (1) April, July and October. On the common stock, quarterly dividends of 1 per cent. are paid in February (15), May, August and November.

There was to be issued under the above plan, $3,600,000 each of the preferred and common stocks in exchange for the shares of the old company and under the offer of subscription at $75

cash for a preferred and common share, $400,000 of each class, leaving $500,000 of each to be held for the acquisition of additional property and $500,000 reserved to be sold at not less than par.

In 1908, stockholders were offered the right to subscribe for $500,000 each of common and preferred stock at par.

In 1909, stockholders again subscribed at par for $500,000 each of common and preferred stock.

In 1908, the income of the company was $743,523; surplus over dividends and reserve fund, $223,761. In 1909, income, $706,134; surplus over dividends, etc., $134,972.

UNITED BOX BOARD CO.

A corporation formed under the laws of New Jersey, October 27, 1908, succeeding the United Box Board & Paper Co., also a New Jersey corporation formed in 1902. The company owns 90 per cent. of the stock of the American Straw Board Co. and owns in fee 17 other plants. The company owns all the stock of the Benton & Fairfield Railway Co. and has a controlling interest in National New Board Co., a New Jersey corporation owning certain patents which cover the manufacture of new board. In July, 1908, Receivers were appointed for the United Box Board & Paper Co. and the American Strawboard Co. In February, 1909, the property was sold to a reorganization committee formed under a plan whereby it was transferred to the present company.

Stock....Par $100.....Authorized, $15,000,000..... .....Issued, $15,000,000

The predecessor company paid an initial quarterly dividend of 1¾ per cent. on the preferred stock December 15, 1902, but paid nothing further.

The United Box Board & Paper Co. had $14,018,500 common and $14,882,975 7 per cent. cumulative preferred stock. Under the reorganization plan the old preferred was exchanged share for share for new stock on payment of an assessment of $7 per share, and each 5 shares of old common were on payment of $1.40 per share exchanged for one share of the new stock.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE

A corporation formed in 1899 to consolidate all the street railways of Baltimore, Md. The company acquired the entire capital stock of the Baltimore City Passenger Railway Co. and of the Baltimore Consolidated Railway Co. It also controls the Baltimore, Sparrow's Point & Chesapeake Railway Co.

The United Electric Light & Power Co., comprising all the electric light and power plants of Baltimore, was also acquired by the interests which organized this company, and in November, 1899, this company gave $2,000,000 of its common stock for $2,000,000 of the stock of the United Electric Light & Power Co., but these lighting interests were sold in January, 1903. Total mileage of railway lines, 401 miles.

The Maryland Electric Railways Co., is controlled in the interest of this company. That organization acquired the Baltimore & Annapolis Short Line (steam) Railroad, which is to be equipped with electric power. The United Railways & Electric Co. is to purchase the property of the Maryland Electric Railways Co. at the maturity of the latter's bonds for sufficient to retire the latter.

The preferred stock is 4 per cent., cumulative. Transfer Agents, for both common and preferred, Alexander Brown & Sons, Baltimore.

Dividends on the preferred stock were ½ per cent. in June, 1899; 2½ per cent. in December, 1899, and 2 per cent. semi-annually since that time, payments being made in June and December. The June, 1904, dividend was, however, passed on account of the Baltimore fire. The dividends on the preferred, but not the interest on the income bonds, are subject to a deduction of ¼ of 1 per cent. for taxes.

In March, 1905, a majority of the stock was deposited in a voting trust for three years, from February 25, 1905. On its expiration in February, 1908, a new voting trust was formed to continue until May 25, 1911. Voting trustees, Alexander Brown, H. Crawford Black and F. A. Furst, Baltimore.

UNITED RAILWAYS CO. OF ST. LOUIS

A corporation formed under the laws of Missouri, March 11, 1898. The company succeeded the Central Traction Co. and in 1899 acquired control of the street railway organizations in St. Louis, except the St. Louis & Suburban, and changed its name to the above style.

The companies acquired were the Lindell Railway Co., Missouri Railroad Co., National Railway Co., Union Depot Railroad Co., People's Railway Co. and Southern Electric Railway Co., with their auxiliaries. In October, 1906, control of the St. Louis Suburban Railway Co. was acquired. The total mileage is 456 miles.

In 1899, a lease of the property was made to another organization, the St. Louis Transit Co., but in 1904 the lease was cancelled and the roads were returned to this company.

The North American Co. is largely interested in this company.

The preferred stock is 5 per cent., cumulative. Stock is transferred at the office of the company, St. Louis. Transfer Agent, Robert Randall, 30 Broad street, New York. Registrars, Mississippi Valley Trust Co., St. Louis; United States Trust Co., New York.

The St. Louis Transit Co. had $20,000,000 of authorized stock, of which amount $17,264,300 was outstanding. In the readjustment of the two companies, which was proposed in October, 1904, the stock was exchanged for $6,905,720 treasury common stock of the United Railways Co.; of the preferred $7,000,000 was placed in trust to be used for improvements.

The absorption of the St. Louis & Suburban Railway Co. in 1906 was effected by an exchange of its $4,000,000 stock for preferred stock of this company share for share. It was provided, however, that no dividend should be paid on this preferred stock after January 15, 1908.

On the preferred stock of the United Railways, under the lease, the Transit Co. guaranteed the payment of the 5 per cent. cumulative dividends. The dividends are quarterly, 1¼ per cent. each, in January (10), April, July and October. The first dividend was paid April 10, 1900, and dividends of the same amount have since been paid regularly.

UNITED RAILWAYS INVESTMENT CO.

A corporation formed under the laws of New Jersey, February 18, 1902, under the title of United Railways Investment Co. of San Francisco, the name being changed to the present style in September, 1906. The company acquired the stocks, common and preferred, of the United Railroads of San Francisco, except eleven shares of common necessary to qualify directors, and thus controls the railway system operated by the latter. See statement of that company. In 1909, $9,997,500 common stock of the United Railroads was transferred to The Railroads & Power Development Co. in exchange for its stock and the last named company exchanged it for stock of the San Francisco Electric Railways. The United Railways Investment Co. controls the two companies mentioned above.

In February, 1906, the company acquired $21,000,000 of the $30,000,000 common stock of the Philadelphia Co. of Pittsburg in exchange for $8,400,000 of this company's common stock and $15,750,000 of 5 per cent. collateral trust bonds. The stockholders of the Philadelphia Co. were invited to exchange their common stock, receiving for each $50 share $37.50 of the new bonds, and either $20 in stock or $19 in cash. In April, 1907, $3,200,000 additional was acquired by means of a further issue of the bonds in question, making the total Philadelphia Co. stock acquired, $24,200,000.

Stock...Par $100... Authorized { com., $25,000,000 / pref., 25,000,000 } Issued { com., $20,400,000 / pref., 16,000,000 } $36,400,000

The preferred stock is 5 per cent., cumulative, and is preferred also as to assets. It can be retired at any time after three years from date of issue at 110 and accrued dividends. Transfer Agents, Mercantile Trust Co., New York; Fidelity Trust Co., Philadelphia. Registrars, United States Mortgage & Trust Co., New York; Guaranty Trust & Safe Deposit Co., Philadelphia.

In February, 1906, the authorized common stock was increased from $10,000,000 to $25,000,000 to provide for the acquisition of a majority interest in the Philadelphia Co. and other corporate purposes.

The first dividend on the preferred stock was 1½ per cent., paid January 3, 1903, and similar dividends were paid in July, 1903, and January, 1904. In July, 1904, 1¾ per cent. was paid, on January 3, 1905, 2 per cent., July 1, 1905, 2 per cent., January 2, 1906, 2½ per cent., and in March 1906, a dividend of 4¾ per cent. was declared payable May 1, 1906, completing the arrears of cumulative dividends on the preferred. In consequence of the San Francisco earthquake this dividend was paid in interest bearing scrip instead of in cash, the payments being in April. In July, 1906, and January, 1907, scrip dividends of 2½ per cent. were also paid, but the July, 1907 dividend was passed and none have been paid to January, 1910, inclusive.

UNITED SHOE MACHINERY CORPORATION

A corporation formed under the laws of New Jersey, May 2, 1905, in pursuance of the plan for a reorganization of the company of the same name. The latter was a combination of several large concerns engaged in the manufacture of shoe machinery.

Auxiliary companies have been formed in Canada, Great Britain, France and Germany, known respectively as the United Shoe Machinery Co. of Canada, the British United Shoe Machinery Co., the United Shoe Machinery Co. de France, and the Deutsche Vereinigte Schumaschinen Gesellschaft. A branch office of the company is established in Australia.

Stock...Par $25...Authorized { com., $35,000,000 / pref., 15,000,000 } Issued { com., $24,631,695 / pref., 9,434,075 } $34,065,770

The preferred stock is 6 per cent., cumulative. In the event of a dissolution it is entitled to $35 cash per share and all accrued dividends. Transfer Agent, American Trust Co., Boston. Registrar, Old Colony Trust Co., Boston.

The old company had outstanding $10,720,850 of common and $9,937,000 of 6 per cent. cumulative preferred stock. Under the plan of reorganization the old preferred was exchanged at par for new preferred, receiving also 1½ per cent. cash, and the old common was exchanged for 150 per cent. in new common and 3 per cent. cash. All but a small percentage of the old stock has been exchanged for the new under this arrangement.

In November, 1906, common stockholders were given the right to subscribe at par for $1,628,400, new common with which to provide for improvements. In July, 1907, $4,464,500 additional common stock was issued as a stock dividend of 25 per cent. on the common stock. In April, 1909, $2,239,575 common was issued as a stock dividend of 10 per cent. on the common stock.

The old company paid regular dividends at the rate of 6 per cent. per annum on the preferred and 8 per cent. on the common.

The first dividend on the new preferred was 1½ quarterly, October 15, 1905, and similar dividends have since been paid quarterly in January (15), April, July and October. The first dividend on the new common was 2 per cent. quarterly, paid October 15, 1905, and similar quarterly dividends at 8 per cent. per annum have since been paid, the dividend periods being the same as those for the preferred stock. On July 15, 1907, the common received a 25 per cent. stock dividend. In April, 1909, the common received an extra dividend of 2 per cent. and a dividend of 10 per cent. in common stock.

In the year ending March 1, 1909, the earnings were reported as $7,255,683; dividends, $2,355,806; surplus, $4,899,871. Total surplus, March 1, 1909, $5,664,976.

Total credit to profit and loss March 1, 1905, $6,710,914. On March 1, 1906, this item was $8,774,605 and on March 1, 1907, $11,126,350.

UNITED STATES CAST IRON PIPE & FOUNDRY CO.

A corporation formed under the laws of New Jersey, March 13, 1899. The purpose of the organization was to unite the concerns which control the larger part of the cast iron pipe production of the United States.

This company owns some ten plants. The concerns included in this company have a capacity of 450,000 tons per annum out of a total estimated yearly production of 600,000 tons of iron pipe in the United States.

Stock..Par $100..Authorized { com., $15,000,000 / pref., 15,000,000 } Issued { com., $12,500,000 / pref., 12,500,000 } $25,000,000

The preferred stock is 7 per cent., non-cumulative. An amount of $347,555 of stock remains in the treasury of the company.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The outstanding bonds of the American Pipe & Foundry Co., one of the constituent concerns are $1,194,000, bearing 6 per cent. They mature in 1928, interest January and July, and are provided for by an annual sinking fund for their retirement.

The company began the payment of regular quarterly dividends on the preferred stock with a payment of 1¾ per cent. December 1, 1899, and paid similar dividends in March and June, 1900, but the September, 1900, dividend was passed and none was paid until March 1, 1902, when 1 per cent. was paid on the preferred stock, the same rate on the preferred being paid quarterly, in March, June, September and December, until June, 1904, inclusive. In September, 1904, and December, 1904 the dividends were 1¼ per cent. each, but the March 1, 1905, dividend was increased to 1¾ per cent., placing the preferred upon a 7 per cent. dividend basis, and the subsequent dividends were at that rate, but the September, 1908, dividend, which was declared out of reserve for working capital, was delayed by litigation. In 1909, paid 1¾ per cent. in September, and 1¾ per cent. in December. The first dividend on the common stock was 1 per cent., paid December 1, 1905, after which time quarterly dividends of 1 per cent. each, or at the rate of 4 per cent. per annum, were in March (1), June, September and December. The March, 1908 dividend was, however, passed and none have since been paid.

UNITED STATES REDUCTION & REFINING CO.

A corporation formed under the laws of New Jersey, May 31, 1901. The business of the company is the extraction of gold and other precious metals from ore obtained chiefly from the Cripple Creek District, Colorado, from Deadwood, S. D., Arizona and New Mexico. A list of the properties acquired is given in the MANUAL for 1903.

These plants occupy 261 acres and have a monthly capacity of 50,000 tons. The company is not engaged in mining, but has ore contracts which ensure a supply of ore for its plants for two years. The annual output of gold bullion is from $7,000,000 to $9,000,000.

The preferred stock is 6 per cent., non-cumulative. It has a preference as to assets. Transfer Agents, Baruch Brothers, 55 New street, New York. Registrar, New York Trust Co., New York.

The company paid its first quarterly dividend of 1½ per cent. on the preferred stock January 1, 1902, and paid at the same rate quarterly, in January, April, July and October, until October, 1903, when dividends were suspended until October 1, 1905, when 1½ per cent. was paid, and quarterly dividends at that rate were paid to October, 1907, inclusive. The January, 1908, dividend was passed and none have since been paid.

The first dividend on the common was 1 per cent. quarterly in April, 1902, and dividends of the same amount were paid in January, April, July and October, until July, 1903. Since then dividends on common have been suspended.

UNITED STATES RUBBER CO.

A corporation formed under the laws of New Jersey in April, 1892. Its object is the manufacture of rubber goods, principally boots and shoes. The property of the following concerns was acquired by the company:

American Rubber Co., Boston.
The Joseph Banigan Rubber Co., Providence.
Boston Rubber Co., Boston.
Boston Rubber Shoe Co., Boston.
L. Candee & Co., New Haven, Conn.
Colchester Rubber Co., Colchester, Conn.
Goodyear's Metallic Rubber Shoe Co., Naugatuck, Conn.
Goodyear's India Rubber Glove Manufacturing Co., Naugatuck, Conn.
Lycoming Rubber Co., Williamsport, Pa.
Marvel Rubber Co., Woonsocket, R. I.
Meyer Rubber Co., New Brunswick, N. J.
National India Rubber Co., Bristol, R. I.
New Brunswick Rubber Co., New Brunswick, N. J.
New Jersey Rubber Shoe Co., New Brunswick, N. J.
Para Rubber Shoe Co., Boston.
Woonsocket Rubber Co., Woonsocket, R. I.

In May, 1905, this company purchased a large majority of the stocks of the Rubber Goods Manufacturing Co. See below, and also statement of the latter company. In 1910, acquired the Revere Rubber Co.

The General Rubber Co., formed in 1905, to deal in crude rubbers, and which has a capital of $3,000,000, is jointly controlled by this company and the Rubber Goods Manufacturing Co.

In 1906, this company organized an English corporation, Wm. Symington & Co., Limited, with an authorized capital of $2,500,000, for the purpose of dealing in crude rubber.

	2d pref. 10,000,000		2d pref., 9,965,000	

The 1st preferred stock is 8 per cent., non-cumulative. The authorized amount was originally $25,000,000, but it was increased in May, 1905, to $40,000,000. The second preferred stock is 6 per cent., non-cumulative, and was created in 1905, in connection with the plan to acquire control of the Rubber Goods Manufacturing Co. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The company from 1893 to 1900, inclusive, paid 8 per cent. per annum on its preferred (now first preferred) stock, except in 1897, when 6 per cent. was paid. In January, 1901, the quarterly dividend on the preferred was reduced from 2 to 1 per cent., and no further dividends were paid from that date until June, 1904, when dividends on the preferred were resumed with a payment of 1½ per cent., further dividends of 1½ per cent. each being paid on September 15, 1904, December 15, 1904, and March 15, 1905. In May, 1905, 2 per cent. and 1½ per cent. extra were paid, and in August and October, 1905, and January, 1906, 2 per cent. was paid, which has since been the regular quarterly rate, paid in January (31), April, July and October on the 1st preferred.

The first dividend on the second preferred stock was 1½ per cent. quarterly, paid October 31, 1905, and similar quarterly dividends being 6 per cent. per annum have since been paid in January (31), April, July and October.

In March, 1895, 2½ per cent. was paid on the common stock, being the first dividend on the common. In December, 1896, 2 per cent. was declared on the common, payable February 15, 1897. In July, 1899, 1 per cent. was paid on the common. Dividends of 1 per cent. each were also paid on the common October, 1899, January, 1900, and April 30, 1900, but the July, 1900, dividend was passed and no dividends on the common stock have since been paid.

The arrangement under which this company acquired the greater part of the common and preferred stock of the Rubber Goods Manufacturing Co., as per plan of May 27, 1905, included the acceptance by the common stockholders of that company of 50 per cent. of the par value of their stock in second preferred stock of this company, and by the Rubber Goods preferred shareholders of an equal amount of the first preferred stock of this company. For this purpose there has been issued $7,937,500 of this company's 1st preferred and $9,965,000 of its 2d preferred stock. In January, 1900, stockholders had the right to subscribe at 110 in February 1, 1910, for $3,561,400 1st preferred stock.

The 6 per cent. collateral trust sinking fund bonds were created in 1908 to retire $8,000,000 of 5 per cent. notes, due September 15, 1909, which were called for redemption March 15, 1909, to retire $4,500,000 of 5 per cent. Boston Rubber Shoe Co. debentures and to provide additional working capital. The bonds may be called on any interest date at 105. Trustee and agent for the payment of interest, Central Trust Co., New York. In December, 1909, $2,500,000 additional bonds were sold, an option being also given on $2,500,000 more of the issue.

This company and the Rubber Goods Manufacturing Co. jointly guarantee the General Rubber Co. debentures. The authorized issue of the same is $9,000,000.

UNITED STATES SMELTING, REFINING & MINING CO.

A corporation formed under the laws of Maine, March 10, 1906. The company was organized in pursuance of a plan for the financial reorganization of the United States Mining Co. The company acquired the Jordan and Telegraph mines at Bingham, Utah, the Centennial-Eureka Mining Co. of Tintic, Utah, and the Mammoth Copper Mining Co., of Shasta County, Cal., with an interest in other properties adjoining them, the whole tract being traversed by the Jordan, also known as the Highland Boy, and other veins, and contains gold, silver, copper and lead values. A 1,000-ton smelter was completed in November, 1902, and a lead smelter was constructed in 1904 at West Jordan, near Salt Lake City, Utah.

In February, 1906, the company acquired the Real Del Monte mine at Pachuca, Mexico. The company controls the American Exploration Co., and has an interest in the Richmond Eureka Mining Co.

See MANUAL for 1909 as to the plan of reorganization completed in 1906.

The preferred stock is 7 per cent. cumulative. The cumulative dividends began to run from April 15, 1906.

Transfer Agent, City Trust Co., Boston. Registrar, National Shawmut Bank, Boston.

In October, 1906, stockholders were given the right to subscribe at par for $2,503,400 each of new common and preferred stock. In 1907, $799,200 additional preferred was issued to pay for property acquired.

The 1st dividend on the preferred was 87½ cents per share or 1¾ per cent. paid in April, 1906, which has continued to be the regular quarterly rate.

In January, 1907, it was decided to place the common stock on a 7 per cent. basis and a dividend of 1¾ per cent. was declared payable April 15, 1907, and similar dividends were paid in July and October, 1907. The January, 1908, dividend was, however, reduced to 1 per cent., which has been the quarterly rate to January 15, 1910, inclusive.

UNITED STATES STEEL CORPORATION

A corporation formed under the laws of New Jersey, February 25, 1901, the articles of incorporation having been amended April 1, 1901. The corporation was organised to acquire the

stocks of companies engaged in the steel and allied industries. The organizations which it acquired were as follows:

The Carnegie Co.	American Tin Plate Co.	Lake Superior Consolidated Iron Mines.
Federal Steel Co.	American Bridge Co.	
American Steel & Wire Co.	American Steel Hoop Co.	Union Steel Co.
National Tube Co.	American Sheet Steel Co.	Troy Steel Products Co.
National Steel Co.	Shelby Steel Tube Co.	Clairton Steel Co.

Several of the original constituent companies were consolidated in 1903, in order to economize and concentrate the operations of the corporation. At the end of 1909 the operating companies comprised the following:

Carnegie Steel Co.	American Steel & Wire Co.
Lorain Steel Co.	Shelby Steel Tube Co.
National Tube Cos.	American Bridge Co.
The National Tube Co. (Lorain, O.)	Clairton Steel Co.
American Sheet & Tin Plate Co.	Tennessee Coal, Iron & Railroad Co.
Union Steel Co.	Great Western Mining Co.
Universal Portland Cement Co.	Indiana Steel Co.
Illinois Steel Co.	

The Union Steel Co. and its controlled property the Sharon Steel Co. were acquired in 1902, and the Troy Steel Products Co. was also acquired in the same year.

In May, 1904, the Clairton Steel Co. was acquired from the Crucible Steel Co. of America.

In 1906, a subsidiary company, the Universal Portland Cement Co., was formed, which took over the cement plants near Chicago which had been operated by the Illinois Steel Co. The new company constructed two additional plants at Buffington, Ind., and Universal, Pa.

The Elgin, Joliet & Eastern Railway, the Pittsburg, Bessemer & Lake Erie Railroad, Duluth & Iron Range Railroad, Duluth, Missabe & Northern Railway, Chicago, Lake Shore & Eastern Railway, and Birmingham Southern Railroad, with some short railroad lines, are owned or controlled by various constituent companies acquired by this company, the mileage of all such lines December 31, 1909, being 898.33 miles with 557.35 miles of branches and spurs, and the equipment of the same comprised 1,024 locomotives and 45,225 cars.

The united plants of the organizations owned and controlled comprised in January, 1910, 127 blast furnaces, 35 Bessemer steel converters, 254 open-hearth steel furnaces, 9 rail mills, 19 sheet and tin plate mills, 19 bridge and structural plants, 11 pipe mills and a large number of other establishments, including bar mills, plate mills, wire rod and nail mills, and Portland cement works.

In addition to the manufacturing plants are Lake Superior and Southern iron mines, the production of which in 1905 was 18,486,556 tons; in 1906, 20,645,148 tons; in 1907, 23,950,558 tons, in 1908, 16,602,715 tons of ore, and in 1909, 23,431,047 tons, the marine equipment operated in conjunction with the ore properties consisting of 77 steamers and 112 barges. The coking interests comprise 75 coking plants, which in 1906 produced 13,295,075 tons of coke, in 1907, 13,544,164 tons, in 1908, 8,169,931 tons, and in 1909, 13,590,112 tons. The coal interests comprise in the northern division of the property 123,491 acres of coking coal, 34,241 acres of steam coal and surface rights to 22,840 acres, besides which the Tennessee Coal, Iron & Railroad Co. have 335,336 acres of coal lands. The corporation also owns water supply plants, natural gas properties, and ore docks at various points on the lakes.

In 1905 it was decided to erect a new large modern steel plant in the Chicago district. To this end The Indiana Steel Co. was incorporated, which is completing the plant, the first units of which went into operation during 1909. The corporation also controls the Gary Land Co., which owns and is improving the site of the City of Gary, Ind., where the plant is to be located, a tract of about 9,000 acres having been acquired with a large frontage on the shore of Lake Michigan. The new plant will include 8 blast furnaces, 56 open-hearth steel furnaces, blooming and rail mills, finishing mills and accessory works. Up to the end of 1909, $48,620,192 have been expended for these purposes, including payments for real estate, and there was held in a special fund available for the work $6,379,807.

In October, 1906, arrangements were made to lease a large acreage of iron ore lands belonging to the Great Northern Railway Co., title to which was held by the Lake Superior Co., Limited, a subsidiary organization of the Railway Co. The properties were leased to the Great Western Mining Co., a corporation organized for the purpose and controlled by the United States Steel Corporation, which it was provided should guarantee the lease. Under the lease the lessee was to mine from the properties a minimum of 750,000 tons of ore in the year 1907 and the amount to be mined shall be increased by 750,000 tons each year until it reaches 8,250,000 tons. The annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved by the lessee. The royalty to be paid is $1.65 per ton for ore containing 59 per cent. of metallic iron in the ore mined and shipped in 1907, but this base price is to increase by 3 4-10 cents per ton each succeeding year, the royalty however, to be increased or diminished on a fixed scale as the ore may prove to be higher or lower in grade than the above 59 per cent. of metallic iron.

In November, 1907, the corporation acquired $30,374,825 par value of the common stock of the Tennessee Coal, Iron & Railroad Co., being all but $220,160 of the amount thereof outstanding. In payment therefor the corporation delivered its 10-60 year sinking fund 5 per cent. gold at the rate of $11,904.76 of said bonds for each $10,000 par value of the stock, the total par value of the bonds issued or purchased in connection with this transaction being $35,317,632. See statement of the Tennessee Coal, Iron & Railroad Co.

In 1907 it was decided to errect an iron and steel plant of moderate size near Duluth, Minn. for which purpose a tract of about 1,580 acres was purchased.

The principal output of the several operated properties in 1906, 1907, 1908, and 1909, was as follows:

	1906 Tons	1907 Tons	1908 Tons	1909 Tons
Iron ore mined	20,645,148	23,980,558	16,662,715	23,431,047

The preferred stock is 7 per cent., cumulative, with a preference for principal and unpaid dividends in case of a dissolution of the corporation. The charter provides that if in any year dividends amounting to 7 per cent. shall not have been paid on the preferred, the deficiency shall be payable before any dividends shall be payable on the common stock. Whenever all cumulative dividends on the preferred stock for previous years shall have been declared and become payable, and the accrued quarterly instalments for the current year shall have been set aside from surplus or net profits, the Board of Directors may declare dividends on the common stock out of any remaining surplus or profits. See below in regard to the retirement of a portion of the preferred stock. The stock may be increased from time to time at the discretion of the directors.

Stock is transferred at the offices of the corporation, 71 Broadway, New York, and 51 Newark street, Hoboken, N. J. Registrar of common stock, Guaranty Trust Co., New York. Registrar of preferred stock, New York Trust Co., New York.

Regular quarterly dividends on the preferred stock at the full rate of 7 per cent. per annum, or 1¾ per cent. quarterly, have been paid, in February (28), May, August and November, from August, 1901, inclusive.

The first dividend on the common stock was 1 per cent. quarterly, paid September 14, 1901, and regular quarterly dividends at the same rate, or 4 per cent. per annum, were paid in March, June, September and December until September, 1903, inclusive, the December, 1903, dividend being reduced to ½ per cent., and the March, 1904, dividend was passed and no dividends were paid on the common stock until 1906, when 1 per cent. was paid on October 1, ½ per cent. being for the quarter ending March 31, 1906, and ½ per cent. for the quarter ending June 30, 1906. On December 31, 1906, a quarterly dividend of ½ per cent. was paid and the same continued to be the regular quarterly rate until September, 1909, when ¾ per cent. was paid. In December, 1909, paid 1 per cent., and in March, 1910, 1 per cent. regular and ¾ per cent. extra.

See separate statement of the Tennessee Coal, Iron & Railroad Co. for its funded debt.

The total funded debt December 31, 1909 (including the bonds of the controlled railroads and those of the Tennessee Coal, Iron & Railroad Co.) held by the public was $606,384,118. At that date there were also real estate mortgages and purchase money obligations amounting to $2,763,786.

The collateral trust 5 per cent. bonds, due 1951, were $304,000,000, authorized, secured by the deposit with the United States Trust Co., New York, of all the securities of the constituent companies acquired by this corporation. Series A, C and E of the bonds, aggregating $154,000,000, can be called at 115 in whole or part after April 1, 1911. A sinking fund of $3,040,000 per annum began June 1, 1902, to purchase bonds at not above 115 and interest, and after April 1, 1911, bonds of the series mentioned above may be drawn for the sinking fund. On December 31, 1909, the sinking fund held $25,847,000 of the bonds. The purpose of the bond issue was to acquire and retire the $159,450,000 5 per cent. bonds of the Carnegie Co. and to purchase the stock of that company. Coupons of the collateral trust 5 per cent. bonds, due 1951, are payable at the office of J. P. Morgan & Co., New York.

In March, 1902, it was announced that the corporation would issue $250,000,000 of 5 per cent. bonds with which to retire 40 per cent., or $200,000,000, of its preferred stock and to provide $50,000,000 of additional working capital. Suits were, however, brought to enjoin this plan, and it was not until February, 1903, that the Court of Errors and Appeals of New Jersey finally decided in favor of the corporation.

See MANUAL for 1909, in regard to original terms for the conversion of preferred stock into the 5 per cent. collateral trust.

The collateral trust sinking fund 10-60 year 5 per cent. bonds, due 1963, are subject to call at 110 after 1913, the total authorized issue being $250,000,000. There is a sinking fund of $1,010,000 per annum, the bond purchased to be kept alive in the sinking fund which, on December 31, 1909, held $7,849,500 of the issue. No foreclosure suit can be brought until default has continued for two years. Trustee of the mortgage, United States Trust Co., New York. Coupons are paid at the office of J. P. Morgan & Co., New York. The original plan included the issue of $200,000,000 of the bonds against the conversion of that amount of preferred stock, as stated above, and the sale of $50,000,000 at par for cash to provide for improvements and additional working capital. A syndicate managed by J. P. Morgan & Co., New York, was formed to underwrite the preferred stock conversion up to $80,000,000 as a minimum, and also to guarantee the subscription for $20,000,000 of the bonds to be sold for cash.

Under these arrangements the amount of the 5 per cent. sinking fund and 2d mortgage bonds issued was $170,000,000, and the preferred stock outstanding was reduced from $510,314,100 to $360,281,100.

On December 31, 1905, the sinking fund trustees held $19,902,000 of the bonds of this company and its subsidiary organizations. On December 31, 1906, the amount so held was $24,767,500, the trustees at that date also holding $397,287 cash in the sinking fund. On December 31, 1907, bonds held, $31,559,000; cash, $444,200. On December 31, 1908, bonds held,

$38,086,500; cash, $543,961. On December 31, 1909, bonds held, $44,627,500; cash, $699,630.

The Union Steel Co. 1st mortgage was created in 1902 and is $45,000,000 authorized. Trustee of the mortgage, New York Trust Co. Principal and interest is guaranteed by the United States Steel Corporation. There is a sinking fund of 2 per cent. of the amount of the bonds each year, bonds to be purchased at not above 110 after 1907, the bonds to be redeemable at 110 and interest.

See statements of the Elgin, Joliet & Eastern Railway; the Chicago, Lake Shore & Eastern Railway; the Pittsburg, Bessemer & Lake Erie Railroad; the Duluth & Iron Range Railroad, and the Duluth, Missabe & Northern Railroad, under their respective titles in the Railroad Section of the MANUAL, for their funded debts.

By its articles of incorporation the corporation is empowered to manufacture iron, steel, manganese, coke, copper, lumber and other materials, and all articles consisting or partly consisting of iron, steel, copper, wood or other materials, and all or any products thereof.

To acquire, lease, or occupy, use or develop any lands containing coal, iron, manganese, stone, or other ores, oil or wood lands, to mine and buy and sell these or other materials, and to construct bridges, buildings, machinery, ships, boats, engines, cars and other equipment, railroads, docks, slips, elevators, water, gas and electric works, viaducts, canals and other waterways. It is stipulated, however, that the corporation shall not maintain or operate any railroad or canal in New Jersey. The corporation is also empowered to acquire and deal in trade marks, trade names, patents, inventions, improvements, processes, etc., and to acquire and deal in stocks, bonds and other securities of other corporations engaged in the acquisition, manufacture and sale of the products mentioned.

The corporation is also empowered to engage in other manufacturing, mining, construction or transportation business of any kind or character whatsoever, and to that end to acquire, deal in and dispose of all property, assets, stocks and bonds, and rights of any and every kind, but not to engage in any business hereunder which shall require the exercise of the right of eminent domain within the State of New Jersey.

The corporation also may acquire by purchase, subscription or otherwise, and hold or dispose of, stocks, bonds or other obligations of any corporation formed or engaged in the objects or operations indicated. The corporation may hold for investment the securities or obligations of any such other corporation and also aid in any manner any corporation whose obligations are held or guaranteed by this company.

The corporation may conduct its business in any other States or Territories or foreign countries, may have more than one office, and keep the books of the corporation outside of New Jersey, except as otherwise may be provided by law, and it also may have real estate transactions either in or out of the State.

Without in any particular limiting any of the objects and powers of the corporation, it is provided that the corporation shall have power to issue bonds and other obligations in payment for property purchased or acquired, or for any other object in or about its business; to mortgage or pledge stocks, bonds or other obligations of any property which may be acquired by it to secure obligations issued or incurred, to guarantee dividends, bonds or contracts, and to make or perform contracts of any description.

It is provided that the number of directors may be increased from time to time.

The directors are authorized to delegate their powers to an executive committee. The board has the power to fix and determine the amount of working capital and to direct and determine the use and disposition of any surplus and net profits over and above the capital stock paid, and to follow out other transactions provided and allowed by law.

By an amendment to the articles of incorporation the corporation accepted the benefit of the New Jersey statute providing that two-thirds of the stock represented at an annual or special meeting may authorize the directors to create mortgages or pledge the assets of the company.

UNITED TRACTION & ELECTRIC CO.

A corporation formed under the laws of New Jersey in 1893.

The company controls 270 miles of electric railway, including all street railways in the cities of Providence and Pawtucket, R. I., and surrounding towns. It owns all the stock of the Rhode

Island Suburban Railway Co. and owns practically all the stock and bonds of the Union Railroad Co. and Pawtucket Street Railway Co., and the stock of the Providence Cable Tramway Co.

In 1902, the properties controlled by this company were leased for 999 years to the Rhode Island Co., which is owned by the Rhode Island Securities Co. The rental is a sum sufficient to pay fixed charges and 5 per cent. on the stock of the United Traction & Electric Co. The rental was guaranteed by The United Gas Improvement Co. until such time as $4,000,000 should have been spent on the properties for improvements.

In December, 1906, control of the Rhode Island Securities Co. was acquired by the New York, New Haven & Hartford Railroad Co. and transferred to the Providence Securities Co. See statement of the latter.

VIRGINIA-CAROLINA CHEMICAL CO.

A corporation formed under the laws of New Jersey, September 12, 1895. The company was formed to consolidate Southern manufactories of fertilizers, sulphuric acid and kindred articles. It has acquired various establishments of this description from Baltimore, Md., to Florida, together with a large amount of phosphate lands in South Carolina, Tennessee, Florida and Arkansas, being the largest owner of phosphate in the world. In February, 1901, it acquired control of the Charleston Mining & Manufacturing Co. It also acquired a number of cotton oil plants, and in 1901 bought a controlling interest in the Southern Cotton Oil Co., and now owns all of its $10,000,000 of stock. The Texas properties of the Southern Cotton Oil Co. were sold in 1905 to the Fidelity Cotton Oil & Fertilizer Co. The company has an interest in the Einigkeit (Potash) Co.

This company also owns and operates large pyrites mines, producing a large portion of the pyrites used by it in manufacturing sulphuric acid, and in addition it has various foreign properties and interests, including holdings in the Einigkeit (Potash) Co. of Germany.

Stock..Par $100..Authorized { com., $38,000,000 / pref., 20,000,000 } Issued { com., $27,984,400 / pref., 18,000,000 } $45,984,400

The preferred stock is 8 per cent., cumulative, and has a preference in any distribution of assets. The amount of the authorized share capital was in July, 1899, increased to $12,000,000 of each class, and in 1901 the common was increased to $38,000,000 in order to provide for the acquisition of the Southern Cotton Oil Co. and other properties. In May, 1904, the authorized preferred stock was increased from $12,000,000 to $20,000,000, and $6,000,000 of the increase was allotted to and subscribed for by the stockholders of both classes at par to pay off floating debt and provide additional working capital. The remaining $2,000,000 of unissued preferred

can be issued only at the rate of $400,000 per annum, unless otherwise ordered by a vote of the stockholders.

Transfer Agent, New York Trust Co., New York. Registrar, Guaranty Trust Co., New York.

The payment of the regular quarterly dividends of 2 per cent. on the preferred stock of this company began January 15, 1896, and have since been regularly paid each quarter, in January (15), April, July and October.

The payment of 4 per cent. dividends on the common stock began December 1, 1896, and 1 per cent. was paid each ensuing quarter in March (1), June, September and December. The June, 1902, dividend was increased to 1¼ per cent., which was the regular rate until it was decided to suspend the September, 1903, dividend to provide additional working capital for the company's increasing business, and no dividends were paid on the common until August, 1909, when 3 per cent. was distributed out of the earnings of the year, 1908–09.

VIRGINIA RAILWAY & POWER CO.

A corporation formed by special charter under the laws of Virginia, June 29, 1909, as successor to the Virginia Passenger & Power Co., which was sold under foreclosure in May, 1909, and reorganized. The latter included the properties of the Richmond Passenger & Power Co. and the Richmond Traction Co.

See MANUAL for 1909 in regard to securities of the Virginia Passenger & Power Co.

The company controls and operates 119.94 miles of electric railway track, and has water rights on the James and Appomattox river. It owns real estate in Richmond, Manchester and Petersburg, Va., including four park properties and several light and power plants.

In 1904, default was made to the old company, and July 16, 1904, Receivers were appointed by the United States Court. A decree of foreclosure was granted in October, 1908, but litigation caused delay and the plan of reorganization described below could not therefore be carried out until 1909.

The company began the payment of quarterly dividends on both the preferred and common stocks at the rate of 1¾ per cent. on the preferred and 1 per cent. on the common on July 20, 1902, and paid quarterly dividends of the same amounts until the dividend on the preferred stock, payable November 20, 1903, was reduced to 1 per cent. After that time there were no further dividends on the preferred until 1¾ per cent. was paid January 20, 1905, since which time they were paid at the same rate, or 5 per cent. per annum. On January 20, 1906, 1¾ per cent. regular and 1 per cent. extra were paid on the preferred, and similar amounts were paid in April, 1906. In July, 1906, paid 1¾ per cent. regular and ½ per cent. extra. The October, 1906, dividend was, however, 1¾ per cent. regular without an extra division, which was also the case with the dividend paid January 19, 1907, which was also the rate paid in April, July and October, 1907. The January, 1908, dividend was deferred, but 1¾ per cent. was paid in October, 1908, and 1¾ per cent. was also paid on the preferred in January, 1909, which was also the rate in April, July and October, 1909. In January, 1910, paid 1¾ per cent. and ½ per cent. extra. Dividends on the common were suspended after the one paid in July, 1903.

WESTERN UNION TELEGRAPH CO.

A corporation chartered by the State of New York. The company, in 1856, succeeded another organization entitled the New York & Mississippi Valley Printing Telegraph Co., chartered in 1851.

In November, 1909, the American Telephone & Telegraph Co. acquired a substantial interest in the stock of this company said to be about $30,000,000.

Stock.....Par $100.....Authorized, $125,000,000.....Issued, $99,817,000

In 1906, the authorized stock was increased from $100,000,000 to $125,000,000 to provide for the conversion of the convertible bonds.

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

From 1887 the company has paid dividends of 5 per cent. per annum in quarterly payments of 1¼ per cent. each, in January (15), April, July and October. The January, 1908, dividend was, however, made payable in stock and the same course was adopted regarding the April, 1908, dividend. In July and October, 1908, cash dividends of ½ per cent. each were paid, and in January, 1909, ¾ per cent. was paid, which has been the quarterly rate to April, 1910, inclusive.

The company guarantees also 5 per cent. on the $14,000,000 of stock of the American Telegraph & Cable Co., 6 per cent. upon the $5,000,000 of the Gold & Stock Telegraph Co., 6 per cent. on the $3,000,000 stock of the International Ocean Telegraph Co., 6 per cent. on the stock ($2,500,000) and 4½ per cent. on the bonds of the Northwestern Telegraph Co. and 5 per cent. on the stock of the Southern & Atlantic Telegraph Co. The company owns $8,615,000 of stocks and bonds of leased companies, which are held in its collateral trust, and $14,138,480 of stocks of other companies not leased.

In October, 1887, this company purchased the entire capital stock of the Baltimore & Ohio Telegraph Co., the terms including a rental of $60,000 per year to be paid to the Baltimore & Ohio Railroad Co. for fifty years for the use of the railroad wires.

The 4½ per cent. funding and real estate bonds were authorized and issued in 1900. The total authorized issue is $20,000,000, of which $5,681,000 were to retire the 7 per cent. and 6 per cent. debentures maturing 1900, $2,076,501 to pay for new property and construction, and $2,242,

499 to be issued for like purposes in the future. The remaining $10,000,000 was reserved to take up the $1,158,000 building bonds and for extensions and improvements. In 1904, the final $4,000,000 of the latter amount was sold.

In 1906, an issue of redeemable bonds was authorized for $25,000,000, the same to be subject to call at 105 on May 1, 1912, or any subsequent interest date, to be issued in series which may be made convertible. The series A of these bonds for $10,000,000 is secured by the company's interest in the stock of the New York Telephone Co. and are convertible in Western Union stock at par between January 2, 1909, and January 2, 1919, and within that time up to 30 days prior to the date of redemption if called.

Dividends are paid quarterly, in January (10), April, July and October. On the old stock 20 per cent. per annum was paid. In 1899, paid 25 per cent., 5 per cent. quarterly and 5 per cent. extra on increased capital. In 1900, paid 30 per cent., 2½ per cent. quarterly and 5 per cent. extra. The January, 1901, dividend, however, was 2½ per cent. and 3½ per cent. extra, and the quarterly dividends continued to be on that basis until April, 1904, when the extra dividend was reduced from 3½ per cent. to 2½ per cent. The subsequent quarterly dividends were 5 per cent. each, but in October, 1906, 2½ per cent. extra was paid in addition. In January, 1908, $2,750,000 new stock was distributed as a stock dividend of 25 per cent., together with the regular 5 per cent. cash dividend, but in April, 1908, the quarterly payment was 2½ per cent., which was the regular rate until April, 1909, when 4 per cent. was paid. In July and October, 1909, again paid 2½ per cent., but in January, 1910, paid in addition to the regular 2½ per cent., 1½ per cent. extra and 1 per cent. special.

WESTINGHOUSE ELECTRIC & MANUFACTURING CO.

A corporation formed under the laws of Pennsylvania in 1872. The company manufactures electric apparatus and appliances for lighting and power plants, electric locomotives, motors for all uses, etc. It has a plant at East Pittsburg, Pa., and branches at Cleveland, O., and Newark, N. J.

In 1899, the British Westinghouse Electric & Manufacturing Co. was incorporated with £1,000,000 preference 6 per cent. stock and £750,000 ordinary stock. The American company acquired all the common stock as a consideration for the right to use its patents in Great Britain and its dependencies, except in North America. The British company has a large plant at Trafford Park, Manchester, England.

The company, in addition to its other foreign interests, has a large interest in the Societe Anonyme Westinghouse, a French corporation having a share capital of 20,000,000 francs, and which was organized jointly by this company and the Westinghouse Air-Brake Co. to manufacture electrical and air-brake apparatus for France and other Continental European countries.

In October, 1903, the Canadian Westinghouse Co., Limited, was organized. See statement of that company.

On October 23, 1907, Receivers were appointed, who were discharged December 5, 1908, the reorganization plan having been successfully carried out.

The readjustment of the company was effected by a committee representing the bank creditors and merchandise creditors respectively. The plan originally submitted in April, 1908, was modified in October, 1908, when finally adopted by the Readjustment Committee. It provided that the merchandise creditors should accept new assenting (common) stock at par for their claims, which amounted to $5,243,609. The holders of the bank claims, which were $7,919,000, were

offered convertible bonds, 5 per cent. notes, due from four to six years, in the proportion of 50 per cent., 30 per cent. and 25 per cent., respectively, and assenting stock. The preferred and assenting (common) stockholders were to subscribe for 25 per cent. of new assented stock at par to the extent of $6,000,000.

Stock..Par $50..Authorized { assen'tg, $56,000,000 ; 1st pref., 4,000,000 } Issued { assen'tg, $36,636,128 ; 1st pref., 3,998,700 } $40,634,828

The preferred stock is 7 per cent., cumulative, and participates with the common in further division of profits when the latter has received 7 per cent. The common stock is denominated "assenting stock" on account of the provisions regarding it, made when the company's capital was readjusted in 1891.

In May, 1903, $4,500,000 additional common stock was issued, the stockholders having the right to subscribe for the same at $80 per share to the extent of 25 per cent. of their original holdings. In August, 1904, the remaining $2,469,550 of common was issued and sold on the same terms. In March, 1906, the authorized common stock was increased from $21,000,000 to $46,000,000 to provide for the conversion of the convertible bonds and future requirements. In November, 1908, the authorized amount of the assenting stock was increased to $56,000,000 to provide for the term of the reorganization.

Transfer Agents, Union Trust Co., Pittsburg; New England Trust Co., Boston, and office of the company, New York. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Boston Safe Deposit & Trust Co., Boston.

The company paid 7 per cent. on its preferred stock since 1892, the dividends being 1¾ per cent. quarterly, in January, April, July and October. In May, 1903, the preferred dividend was increased to 2½ per cent., or 10 per cent. per annum, and subsequent dividends were on that basis to 1907 inclusive. Dividends on the preferred were, however, suspended in 1908. But in October, 1909, paid 1¾ per cent. regular and 3½ per cent. on account of accumulated dividends. In January, 1910, paid 1¾ per cent. which left 8¾ per cent. of back dividends. On the common stock the first dividend was 1¼ per cent. quarterly, February 20, 1900. The May 1, 1900, quarterly dividend on common was increased to 1½ per cent., and similar dividends were paid on the common to May, 1901, inclusive. The August, 1901, quarterly dividend on the common was increased to 1¾ per cent., which was the rate of the subsequent dividends until July, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum, the dividend periods on the common being also changed to January, April, July and October. Subsequent dividends were at the same rate up to October, 1907, inclusive; none paid since.

GOVERNMENT SECURITIES

Details of the National Debts and Funded Obligations of the United States and of the Principal Foreign Countries whose Bonds are Known in the American Markets

Covering Aggregate Debts and the Separate Bond Issues of the Several Countries

THE UNITED STATES OF AMERICA

The figures given below as the amount of each class of United States bonds outstanding are taken from the Debt Statement issued by the Treasury Department as of February 28, 1910.

NATIONAL DEBT

Consols of 1930, 2 per cent., due April 1, 1930, quarterly, Jan.	$646,250,150
War Loan of 1908–1918, 3 per cent., due Aug. 1, 1918, quarterly, Feb.	63,945,460
Loan of 1925, 4 per cent., due Feb. 1, 1925, quarterly, Feb.	118,489,900
Panama Canal Loan, 2 per cent., due Nov. 1, 1916, quarterly, Feb.	54,631,980
Panama Canal Loan of 1908, 2 per cent., due 1918-38, quarterly, Feb.	30,000,000
Total	$913,317,490

In addition to the above there was outstanding February 28, 1910, of the old debt, which matured prior to January 1, 1861, $909,135, together with $23,750 of the funded loan, which matured September 2, 1891; $32,000 of the funded loan of 1891, continued at 2 per cent. and called for redemption May 18, 1900; $17,450 of the 5 per cent. loan, which matured February 2, 1904, $1,263,250 of the 4 per cent. funded loan, which matured July 2, 1907, and $17,280 refunding certificates which matured July 1, 1907, on all of which interest has ceased.

The 2 per cent. consols of 1930 were authorized by the Act of March 3, 1900, known as the Currency and Refunding Act. Of the bonds of this issue $641,383,050 are registered and $4,867,100 coupon. The bonds outstanding were issued in exchange for 3s of 1908, 4s of 1907 and 5s of 1904, under the provisions of the Act named above and the terms designated by the Treasury Department in a circular dated March 14, 1900. The Act provided that the old bonds named above should be exchangeable for new 2s, provision being made for the payment in cash to holders of the old bonds, making the exchange of the difference between their par value and their value computed on a basis to yield 2¼ per cent. per annum. The right to exchange the old bonds was suspended by the Treasury Department, under Section 11 of the Act, on December 31, 1900, but has been resumed from time to time, the latest occasion being under a circular of the Secretary of the Treasury issued April 2, 1907. These bonds are in denominations as follows: Coupon, $50, $100, $500 and $1,000; registered $50, $100, $500, $1,000, $5,000, $10,000 and $50,000.

The 3 per cent. War Loan of 1908–1918 was authorized by the Act of June 13, 1898. The bonds were created and issued to provide for the expenditure caused by the Spanish War. They are redeemable after August 1, 1908, at the Government's option. The bonds were placed by a

public subscription under a Treasury circular dated June 13, 1898, the subscription, which closed July 14, 1900, aggregating $1,325,000,000. These bonds, both coupon and registered, were issued in denominations of $20, $100, $500 and $1,000 and also in registered denominations of $5,000 and $10,000.

The 4 per cent. loan of 1925 was authorized by the Act of January 14, 1875, Resumption Act, and Section 3,700 of the Revised Statutes of the United States, Act of March 17, 1862, the latter empowering the Secretary of the Treasury to purchase coin with bonds or notes of the United States. These bonds are issued in denominations of $50, $100, $500, $1,000, $5,000 and $10,000 registered and $50, $100, $500 and $1,000 coupon.

The Panama Canal 2 per cent. loan was authorized by the Acts of June 28, 1905, and December 21, 1905, the amount authorized being $130,000,000, and the bonds are redeemable at the pleasure of the United States after ten years from date of issue. Bonds can be coupon or registered and may be issued in denominations of $20 or multiples thereof. On July 20, 1906, $30,000,000 thereof were issued.

UNITED STATES OF MEXICO

External Debt

Consolidated external gold loan, 5 per cent., quarterly, Jan., April, July and Oct...	$103,339,241
4 per cent. gold bonds of 1904 due Dec., 1954, June and Dec.....	38,577,000
Total.....	$141,916,241

There are also various internal loans payable, interest and principal, in silver, amounting to a par value of upwards of $150,000,000.

The Mexican consolidated external 5 per cent. gold loan of 1899 was created to refund and retire outstanding 6 per cent. and 5 per cent. gold bonds aggregating £16,283,000. A majority of the old bonds were exchanged for the new 5s, the balance being called and paid off.

The principal of the 5 per cent. gold loan was £22,700,000, agreed equivalent in United States currency at $4.85 to the £, or $110,095,000; in German marks, 463,000,000. The bonds are coupon, to bearer, and are without provision for registration. They are issued in fixed denominations of £20, £100, £200, £500 and £1,000, or $97, $485, $970, $2,425 and $4,850, respectively, in United States gold coin of the present standard, also in German marks. Coupons are payable quarterly on January (1) April, July and October. Each quarterly coupon of the £200 bonds calls for £2 10s., $12.12½, or 51 marks. Coupons on bonds of the other denominations are in proportion to these amounts. Coupons are payable at holder's option either in London by Morgan, Grenfell & Co.; in New York by J. P. Morgan & Co.; in Berlin by S. Bleichroder or the Deutsche Bank, and in Amsterdam. The first coupon matured April 11, 1900.

No period is fixed for the maturity of these bonds. The Mexican Government, however, obligates itself to pay from January 1, 1900, a semi-annual sinking fund of 0.31 per cent. of the original amount of the loan. By the operation of the sinking fund it is calculated that the entire issue will be retired within forty-five years. Bonds may be purchased for the sinking fund at below par or drawn and retired at par. After July, 1909, the Mexican Government has the right to increase the sinking fund payments or to pay off the loan at par on three months' notice. The bonds and coupons are free from any existing or future Mexican tax. Bonds drawn for the sinking fund are payable at holder's option by any of the firms named above as agents for the payment of coupons at the fixed equivalent amounts in the currencies of the respective countries. As security for the interest and sinking fund the Mexican Government pledged 62 per cent. of its combined import and export duties.

The 4 per cent. gold bonds of 1904 were $40,000,000 in amount, divided into two series A and B respectively. The issue was created to pay off $18,500,000 of 4½ gold treasury notes due June 1, 1905, and June 1, 1906, which were called for redemption February 1, 1905. $15,123,000 6 per cent. silver subvention bonds for the Vera Cruz & Pacific Railway (now Vera Cruz & Isthmus Railroad Co.) and the Mexican Southern Railway and certain amounts of special silver obligations issued for the construction of various railways and harbors. Principal and interest are payable in New York in United States gold coin at the office of Speyer & Co., or, at the holder's option, in London, at the rate of $4.86 per pound sterling, or in Frankfort or Berlin at the rate of 4.20 marks per dollar, or in Paris at the rate of 5.18 francs per dollar. The bonds are in the denominations of $1,000 and $500 United States gold coin or the equivalents in foreign currencies. They are dated December 1, 1904, mature December 1, 1954, and have coupons attached payable June 1 and December 1. The bonds are to be always exempt, both as to principal and interest, from all Mexican taxes already established, or that may in future be established by any authority. A semi-annual sinking fund provides for the gradual retirement of

the bonds in fifty years. During the first five years bonds are to be drawn for redemption at par; after that time bonds will be purchased in the market, if the market price be below par; otherwise they will be drawn at par. Except by the operation of this sinking fund the bonds are not subject to compulsory retirement.

The Mexican Government has guaranteed by indorsement an issue of $7,000,000 1st mortgage 4½ per cent. bonds, due July, 1934, interest January and July, of the Vera Cruz & Pacific Railway Co. (now Vera Cruz & Isthmus Railroad Co.) See statement of the latter company in the Railroad Section of the MANUAL.

On April 6, 1908, it was announced that the Mexican Government would guarantee by indorsement both interest and principal of an issue of $160,000,000 in United States gold 4½ per cent. general mortgage sinking fund redeemable bonds of the Ferrocarriles Nacionales de Mexico (National Railways of Mexico), the company organized to consolidate the Mexican Central Railway Co., Limited, and the National Railroad Co. of Mexico. Details of this issue are given in the statement of the National Railways of Mexico in the railroad section of the MANUAL.

REPUBLIC OF CUBA

EXTERNAL DEBT

External debt, 5 per cent. gold bonds, due March, 1944, March and Sept	$35,000,000
External loan, 4½ per cent., due Aug, 1949, Feb. and Aug	11,000,000
Total	$46,000,000

The 5 per cent. gold bonds of 1904–1944 were issued in conformity of a law passed by the Congress of Cuba, February 22, 1903, as amended January 25, 1904. By this law the President of the Republic was authorized to issue a 5 per cent. loan in gold, in money of the United States or in sterling, at the rate of $4.86 for each £. The coupons and bonds are payable at the option of the holder in New York in United States gold coin; in London in pounds sterling; in Frankfort and Berlin in reichsmarks, and in Paris in francs. The Republic of Cuba pledges its good faith for the payment of the bonds and the principal thereof, the law authorizing the loan having created special taxes upon wines, liquors, tobacco and other articles, which taxes shall remain in force during the life of the loan or any part of it. Under the contract between the Government of Cuba and Speyer & Co., New York, for the sale of the bonds to that house, dated May 11, 1904, the Government furthermore, as special security for the loan, pledged, with preference over any future pledges or hypothecations, 15 per cent. of the customs receipts of the Republic, a sum equal to which is to be paid weekly to Speyer & Co. in New York, or their agents in Havana, until the amounts received by them are equal to the amount required for the annual charges for the year then current for interest and sinking fund payments. If the 15 per cent. of the customs receipts shall prove insufficient, the Cuban Government agrees to set aside and pledge such an additional amount of the customs receipts as will in eleven months produce the requisite amount.

There is to be a sinking fund for the redemption of the bonds, which shall begin March 1, 1910, and shall consist of $1,020,000 per annum, to be paid to Speyer & Co. in monthly instalments of $85,000 each. These amounts shall be applied to the purchase of bonds at par; otherwise bonds will be drawn by lot for redemption at par and interest.

Coupon bonds may be exchanged at the office of Speyer & Co., New York, for registered bonds. Principal and interest of the registered bonds are payable only in United States money at New York, and such registered bonds may be re-exchanged for coupon bonds.

The 4½ per cent. external loan due August, 1949, is part of an issue limited to $16,500,000, authorized by decree of the Provisional Governor of Cuba, with the approval of the Secretary of War of the United States, this authorization having been given in 1909. Under the terms of the decree the proceeds of the loan are to be devoted to the retiring of $2,196,585 6 per cent., bonds of the Republic of Cuba and to pay for sewering and paving the City of Havana, the extension of its water supply, and the instalation of a water and sewer system in Cienfuegos. Under agreement between the Republic of Cuba and Speyer & Co., New York, dated August 25, 1909. the government is to deliver only $5,500,000 of these bonds each year. The first instalment of $5,500,000 was so delivered in September, 1909, and the second instalment of $5,500,000 in February, 1910. Principal and interest are payable in New York, in United States gold coin, at the office of Speyer & Co.; in London, at $4.86 per £1; in Berlin or Frankfurt, at 4.20 marks per dollar, or in Paris, at the rate of 5.18 francs per dollar. They are redeemable on the first day of any month at 105 and interest upon 30 days' notice, and on and after August 1, 1919, will be subject to drawing, at par and interest, for the sinking fund. The Government of Cuba pledged as much of its customs receipts as shall be necessary for the interest and sinking fund requirements. Bonds are in denominations of $1,000 each in coupon form.

The Republic of Cuba also has various internal loans incurred since the formation of the present government of the island.

UNITED STATES OF BRAZIL

STATE OF SAN PAULO

State of San Paulo 5 per cent. bonds, due January, 1919, Jan. and July. £15,000,000

The 5 per cent. bonds of the State of San Paulo, Brazil, are guaranteed by the United States of Brazil under a decree dated December 9, 1908. The bonds are secured by a surtax or export tax of 5 francs per bag on all coffee grown in, or exported from, the State of San Paulo, and also coffee amounting to about 7,000,000 bags belonging to said State and located at ports in Europe and the United States. The bonds are redeemable semi-annually from the revenue derived from the surtax and sales of coffee through the purchase of bonds below par, or semi-annual drawings at par in June and December, drawn bonds to be paid on the first of the following months of January and July. The bonds are in coupon form in denominations of £1,000, £500, £200, £100, £50 and £20, and their respective equivalents in francs, marks, guilders and dollars, at the rate of 25.12 francs, 20.40 marks, 12.05 guilders and $4.86 respectively to the pound sterling. Interest and principal are payable in London and other European cities, and at the National City Bank, New York. Of the above loan £1,671,000 was allotted in New York in 1909.

ARGENTINE REPUBLIC

Internal gold loan of 1909, 5 per cent., red. after March, 1914, March and Sept., g. pesos.. 50,000,000

The 5 per cent. internal gold loan of 1909 is for 50,000,000 gold pesos; 252,000,000 francs £10,000,000 sterling; 204,500,000 marks, and $48,650,000 United States gold. Principal and interest are payable in Buenos Aires in gold pesos: in London in pounds sterling, at the fixed exchange of 4 shillings per peso; in Paris in francs, at 5 francs 4 centimes per peso; in Berlin in reichsmarks, at 4.09 per peso, and in New York, at $0.973 per peso; free of all present and future Argentine taxes. Provision is made for a sinking fund of one per cent. By the operation of this sinking fund the loan will be paid off in 36 years at the latest. The contract with the Argentine Government provides that said fund is to be applied half-yearly to the purchase or tender of bonds at or under par or by drawings at par should the bonds be at or over par. The first operation of the sinking fund was in December, 1909. Drawn bonds are payable on March or September 1 following the date of the drawing. The Government undertakes not to increase the sinking fund or to redeem the whole of the loan before March 1, 1914. There was issued in the United States £2,000,000 or $9,730,000 of the bonds, the same being offered in February, 1910, by J. P. Morgan & Co., the First National Bank, New York, and the National City Bank, New York, and associates in other cities at $963.27 per 1,000 peso bond. They are in denominations of 1,000 gold pesos, or $973.

The Argentine Republic also has a national debt, consisting of external and internal obligations, amounting to about £79,778,000.

THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND

The figures given below as the amount of each class of British public funds outstanding except the terminable annuities, were as of March 31, 1909. The British pound sterling consists of 123.27 grains of gold .916⅔ fine, the equivalent of £1 in United States currency being $4.86⅔.

The 2½ per cent. consols were created in 1888 to refund previous issues. They bore 2¾ per cent. until April, 1903, and 2½ per cent. thereafter, but after 1923 may be redeemed at any time at par, as Parliament may decide. Interest is payable quarterly, January (5) April, July and October at the Bank of England. The consols are "inscribed stock," that is, registered, or bonds to bearer.

In April, 1901, £60,000,000 of consols were issued to provide for the cost of the South African war. The issue price was 94½, and subscriptions were invited in the United States through J. P. Morgan & Co., New York; Baring, Magoun & Co., New York; Drexel & Co., Philadelphia, and Kidder, Peabody & Co., Boston. The American subscriptions aggregated about half the amount of the loan, and allotments of 35 per cent. were made thereon.

The 2¾ per cent. annuity stock was issued in 1884 to refund 3 per cent. consols. After January, 1905, it may be redeemed as Parliament shall decide. Interest is payable quarterly, January (5), April, July and October, at the Bank of England. The stock is either "inscribed" or in the form of coupon bonds to bearer.

The 2½ per cent. annuity stock was created in 1853, and various amounts have been issued to refund old obligations. The stock matured in 1895, but was extended to January, 1905, after which it may be redeemed on one month's notice, as Parliament decides. Interest is payable quarterly, January (5), April, July and October, at the Bank of England.

The 2¾ per cent. national war loan ("Kakhi loan") of £30,000,000 was created in 1900 to provide for the expense of the war in South Africa. The stock matures April 5, 1910. Interest is payable January (5), April, July and October, at the Bank of England. The stock is "inscribed" or in the form of coupon bonds to bearer. It was issued in denominations of £100, £200, £500 and £1,000. The loan was offered for subscription in March, 1900, at 98½, and considerable allotments were made to American subscribers for the same.

The terminable annuities given in above table represent a description of sinking fund by which a considerable portion of the British national debt is paid off, and, after a certain time, the capitalized sum entirely extinguished. Under various Acts of Parliament, the Treasury is empowered to grant annuities for a term of years in exchange for permanent stock. A holder of £1,000 of 2¾ per cent. consols, for example, can surrender them to the Treasury in return for a fixed payment for a term of twenty years, the consols being cancelled by the operation.

Interest upon the various classes of British funded obligations is subject to the regular income tax of 5 per cent., which is deducted from the coupons at the time of payment thereof.

The British Imperial Government guarantees a Transvaal Government 3 per cent. loan of £35,000,000, redeemable 1923-1953, interest May (1) and November, which was created in 1903 to provide the funds required for the carrying out of the pacification of the Transvaal. The loan is redeemable after 1923, and becomes due in 1953.

IMPERIAL JAPANESE GOVERNMENT

The currency of Japan is gold standard, the yen of that country consisting of 100 sen, and weighing 25.72 grains of gold, 900-1,000 fine. Its value is 99.7 cents.

The 4½ per cent. sterling bonds were created in March, 1905, and were offered for subscription in London and New York, one-half of the amount being allotted to each city. The bonds are in coupon form in denominations of £100, £200 and £500. Interest and principal are payable in sterling at London at the office of the Yokohama Specie Bank, Limited, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. This loan is repayable at par, February 15, 1925, but the Japanese Government reserves the right to redeem at par all or any of the bonds on or at any time after February 15, 1910, on giving six months' previous notice, partial redemption to be effected by drawings at the office of the Yokohama Specie Bank, Limited, London, and the New York agency of the same bank, in the usual manner. The loan is secured both as to principal and interest by a first charge upon the annual net revenues of the Imperial Japanese Government Tobacco Monopoly. The Imperial Japanese Government has the exclusive right to control the cultivation and production of the leaf, and to purchase, import, manufacture and sell tobacco. It thus possesses the entire monopoly of the tobacco trade within the limits of the Japanese Empire. The estimated net revenue for the fiscal year 1905-06 from this source was 32,011,072 yen, which, at the exchange of two shillings and halfpenny per yen, is equal to £3,267,796 18s. 8d.

The 4 per cent. sterling loan of 1905 was offered in November, 1905, for subscription in London, New York, Paris and Berlin, £3,250,000 being allotted to New York; Kuhn, Loeb & Co., New York; the National City Bank, New York, and the National Bank of Commerce, New York, offering the same for subscription in November, 1906, at 87 and interest. The authorised amount of the loan is £50,000,000, the unissued balance of £25,000,000 being reserved to convert or redeem the two series of 6 per cent. sterling bonds. The bonds are in coupon form, in denominations of £10, £20, £100, and £200. Interest is payable in sterling at the office of the Yokohama Specie Bank, Limited, London, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. Interest is also payable at Paris, through De Rothschild Freres, and at Berlin, through the Deutsch-Asiatische Bank. The loan is divided into series of £1,000,000 each and is redeemable at par on January 1, 1931, but the Japanese Government reserves the right to redeem at par all or any of the series of bonds on or at any time after January 1, 1921, on giving six months' previous notice; partial redemption to be effected by drawings of complete series in the usual manner at the office of the Yokohama Specie Bank, Limited, London, and notice of the distinctive number or numbers of series drawn will be given by advertisement in two newspapers in each place where the coupons are payable.

The 5 per cent. sterling loan was created in March, 1907, to retire the two series of Imperial Japanese 6 per cent. bonds which under the terms of their issue could be redeemed after April 5, 1907, and were called for redemption September 10, 1907. The new 5 per cents were offered for subscription under date of March 9, 1907, £11,500,000 being offered in Paris, and £11,500,000 in London and in New York and other American cities at 99½, payable £8 per cent. on application, £15 per cent. on allotment, £20 per cent. on April 29, 1907, £20 per cent. on May 28, 1907, £20 per cent. on June 20, 1907, and £19 10s. per cent. on July 20, 1907. Subscriptions in full in cash were offered a discount at 3 per cent. per annum. It was announced that holders of the Imperial Japanese 6 per cent. sterling loans who desired to pay in full in such bonds would receive favorable consideration. All subscribers of that class were to receive for each £100 of the 6 per cent. bonds £100 in full paid scrip for the new 5s with a cash payment of £1 10s.

The 5 per cent. bonds are repayable at par March 12, 1947, but the Japanese Government reserved the right to redeem them at par in whole or in part after March 12, 1922, on six months' notice. Bonds are in denominations of £20, £100 and £200, divided into 46 series of £500,000 each. Bonds and coupons are payable at the Yokohama Specie Bank, Limited, London, or at its agency in New York. In the latter case such payments are to be in American money at the current rate of exchange in London on the due dates. A full half yearly coupon for £2 10s. was to be attached to the Scrip certificates issued in the first instance.

The 6 per cent. sterling loan, first and second series, each for £10,000,000, which were issued in 1904 and 1905, respectively, and subscribed for at London and New York, was called and retired on September 10, 1907.
